GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Santa Barbara  
California**

For the Biennium Beginning

**July 1, 2007**

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Presentation to City of Santa Barbara for its two-year financial plan for the period of July 1, 2007 through June 30, 2009.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of two years. We believe our current financial plan continues to conform to the program requirements, and we have submitted it to GFOA to determine its eligibility for another award.

## City Administrator's Budget Message

### INTRODUCTION

In accordance with the City Charter, I am pleased to present to the City Council the adopted budget for fiscal year 2010. Under normal circumstances, staff would be presenting a *two-year* financial plan. However, given the level of uncertainty created by the current economic crisis, developing a recommended plan for fiscal year 2011 is not practical, and would likely be subject to significant change. We have therefore decided to focus our attention on fiscal year 2010 only.

The adopted budget includes significant reductions to General Fund spending as part of a comprehensive balancing strategy to mitigate the impacts of both declining revenues and rising costs. Despite these reductions, the adopted budget is balanced and in line with the overall priorities of our community.

### Budget Overview and Highlights

The fiscal year 2010 adopted budget is comprised of all City funds, including the General Fund, special revenue funds and enterprise funds. Each fund accounts for distinct and uniquely funded operations. The adopted budget includes a total combined operating budget of \$252.6 million and a combined capital budget totaling \$28.5 million. The table below summarizes the adopted budget by fund type.

The General Fund, the primary and largest individual fund in the City, is comprised of six operating and three administrative departments. The adopted General Fund operating budget totals approximately \$104.2 million and includes an additional \$857,670 for capital expenditures.

Special revenue funds account for restricted revenues and have a combined adopted operating budget of \$54.6 million and a combined

capital budget of \$11.4 million. This category of funds includes the Redevelopment Agency,

which is a separate legal entity created to eliminate blight and provide low and moderate income housing in the community.

Enterprise funds on a combined basis make up approximately one-third of the City budget. They consist of six distinct operations funded almost entirely from direct charges for services. Enterprise operations are managed and operated much like private sector businesses and, as such, they require a significant investment in plant, equipment, and infrastructure to deliver their respective services. Their operating budgets total approximately \$77 million, and have an adopted capital budget of approximately \$13.9 million.

Internal service funds provide services exclusively to other city operations, and include building maintenance, information systems, vehicle maintenance and replacement, and insurance operations. Their adopted budget includes an operating budget of approximately \$17 million and approximately \$2.3 million for capital.

## IMPACTS OF ECONOMIC CRISIS ON CITY

### Local Perspective on Global Recession

The United States is in the final stages of the worst economic downturns since the Great Depression. Several major American corporations have gone bankrupt or have required massive infusions of capital from the federal government to continue operations. Unemployment in the nation rose to over 10% in the fall of 2009; the housing market has suffered significant losses from a combination of a severely limited access to money and a large-scale default on home mortgages; and consumer confidence is at near-historic lows.

The City of Santa Barbara began seeing the effects of a slowing economy on its revenues in early 2008. However, the impacts became much more pronounced beginning September 2008. For example, sales taxes for the quarter ended September 30, 2008 fell 0.6% from the same quarter of the previous year, then fell by 11.7% for the December quarter. In the visitor sector of our economy, Transient Occupancy Tax (TOT) revenues dropped by 11.4% in November 2008 in relation to the same month of the prior year, 10.6% in December and 1.8% in January;

but then declined 20.8% in February and 20.7% in March. Declines of this magnitude have not been seen in the more than twenty years this data has been collected.

The greatest impact of the economic crisis has been on the General Fund, which relies heavily on tax support to finance those services typically associated with local government – public safety, library, recreation, parks, building, planning and general administration.

### City Faces a \$10.6 Million General Fund Deficit

Due to actual and projected declines in General Fund revenues, the fiscal year 2009 adopted budget included approximately \$2.5 million of one-time measures, coupled with an equal amount in departmental cuts, to close a projected \$5 million budget gap. This strategy assumed the economy would begin to recover during fiscal year 2010. If the recovery had occurred, we could have dealt with the \$2.5 million structural deficit carried forward from fiscal year 2009 with minimal reductions to City services in fiscal year 2010.

Unfortunately, the economic condition worsened, and the projected \$2.5 million structural deficit in fiscal year 2009 grew to \$5.1 million by December 2008 and to \$6.4 million by the third quarter. As a result, the City implemented a number of measures to address this projected deficit. These include implementing a hiring freeze for all but the most essential City positions, eliminating all non-essential travel and training, and severely curtailing expenditures for supplies and contractual services. With less than six months to work with in fiscal year 2009, completely offsetting the deficit was difficult; however, in the end the General Fund avoided using reserves and closed the books with revenues balanced with expenditures.

For fiscal year 2010, the projected impacts were much greater. Due to continued poor economic data and further deterioration of revenues, the projected deficit for fiscal year 2010 was \$10.6 million – approximately 10% of the General Fund's total operating budget.

The decline in General Fund tax revenues since September 2008 represents the greatest decline in at least the past two decades. As shown in the accompanying table, growth rates from fiscal years 2003 through 2008 for the three largest

revenues - transient occupancy taxes (TOT), sales taxes, and property taxes – have been positive. In fact, during this six-year period, TOT revenues have grown an average of 4.7%,

sales taxes have grown an average of almost 3%, and property taxes have grown an average of 9.7%.

Actual revenues for fiscal year 2009 ended the year worse than was projected at mid-year. As shown in the table below, sales tax revenues ended the year almost \$1.3 million under the revised budget and TOT ended the year under budget by \$727,538. Property tax revenues remained flat. For fiscal year 2010, the total reduction for these three revenues is \$5.3 million below original estimates (See chart below).

	Fiscal Year 2009			Fiscal Year 2010		
	Amended Budget	Actual Year-End	Projected Vaiance	Original Estimate	Revised Estimate	Change
<b>Sales Taxes</b>	\$ 18,881,432	\$ 17,600,070	\$ (1,281,362)	\$ 21,251,360	\$ 18,142,000	\$ (3,109,360)

Unfortunately, since the adoption of the budget in late June, additional revenue data was received indicating further revenue declines in fiscal year 2010 of almost \$3 million. As a result, additional cost savings measures were implemented to close this revenue loss. The measures primarily included holding vacant positions unfilled and unfunded through the end of the year.

## Increased Costs Put Added Pressure on General Fund Deficit

While revenue declines were the primary cause of the significant projected deficit, rising labor costs also contributed to the problem. The City's existing contracts with most labor unions provide for higher wages and benefits in fiscal year 2010, which will add approximately \$3.4 million in salary and benefit costs in relation to the fiscal year 2009 adopted budget. As discussed later in this report, most labor associations agreed to concessions that lowered the impacts of the scheduled increases. These concessions included a mandatory unpaid furlough equating to a 5% salary reduction and the suspension of vacation cash-outs.

## Status of General Fund Budget Reserves

In 1995, the City Council adopted a resolution establishing reserve requirements for all funds, including the General Fund. The reserve policy established three separate reserves, each designated for a specific purpose, as defined below.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

**Capital Reserve** – For the General Fund, this reserve is set at a fixed amount of \$1 million to be available for one-time cost overruns for capital projects.

**Budgetary Reserve** – This reserve is set at 10% of the operating budget, to be used to respond to economic downturns and unbudgeted, unanticipated, one-time costs.

**Disaster Reserve** – This reserve is set at 15% of the operating budget, to be used to respond to natural disasters such as earthquakes, floods, fires, etc.

Since fiscal year 2002, nearly all of the General Fund's budgetary reserves have been consumed. In part, the use of reserves was by design, in response to economic downturns, such as the period directly after the "9-11" attack on the World Trade Center. Budgetary reserves were used at that time to provide a "soft landing" as the City reduced the size of operations and minimized the impacts on City residents. In other cases, budget reserves were used to cover the unanticipated costs of labor agreements that exceeded budgeted amounts. And over the past two years, budget reserves have been consumed when revenues declined rapidly before adjustments could be made to reduce costs.

As of June 30, 2009, General Fund reserves totaled \$17,789,713. This is a slight increase to the balances as of a year ago. In addition, the 2010 adopted budget does not include the use of any of these reserves to balance the budget.

## Other City Services Impacted by the Economic Downturn

In addition to the services funded in the General Fund, the City also provides *other* important services. These services are accounted for in separate enterprise funds, special revenue funds, and internal service funds. In addition to the impacts noted in the General Fund, certain of these other services have also been affected to varying degrees.

For example, the City's municipal golf course saw the number of golf rounds decline by approximately 6% in the first half of fiscal year 2009. The Airport Fund saw passenger counts drop by double digits from January through March, and projected an 8% overall decline by the end of fiscal year 2009. The Waterfront Fund, which accounts for the services provided along the waterfront, including Stearns Wharf and the harbor, has experienced a loss of revenues, primarily from a decline of slip transfer fees. The Downtown Parking Fund, which accounts for the operation and maintenance of the City's public parking facilities, has likewise seen a decline in parking transactions. Other enterprise funds include the Water and Wastewater Funds, which have not seen declines in revenues due to the current economic downturn since their revenues stem from direct service charge and are primarily affected by weather conditions and conservation efforts rather than economic swings.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

Special revenue funds are used to account for monies that are restricted to a specific purpose. Examples include the Community Development Block Grant Fund, the Streets Fund, and the Water Quality/Creeks Improvement Fund. Given the current impacts to the state and federal government, these funds may be in jeopardy of losing grant funding that in some cases makes up a large portion of their funding.

Internal service funds account for services provided by one department to other City departments. Examples include motor pool, building maintenance, information systems, and risk management. These operations recover their costs through charges levied on those operating departments utilizing the services provided by the internal service funds. While not directly impacted by the economic crisis, all internal service funds' budgets include cutbacks in order to reduce costs to departments.

## RESPONSE TO ECONOMIC CRISIS

### A Balanced Approach Used to Balance the Budget

When staff developed the proposed strategy to address the \$10.9 million projected General Fund deficit for fiscal year 2010, our main objective was to deal directly and honestly with the City's structural deficit, while minimizing service level impacts to the public, especially in public safety. This approach relied primarily on reducing ongoing costs, with a minimum use of one-time monies. Due to the depletion of most of the City's General Fund Budget reserves, no use of these reserves were proposed.

The proposed balancing strategy primarily included measures that provide on-going, long-term reductions to costs or increases to revenues. In addition, the balancing measures include a \$600,000 contingency in case of future unexpected declines in revenues. If economic conditions improve more quickly than expected, the funds could be used to restore services and eliminated staff positions.

### One-Time Measures:

Labor Cost Reductions	\$ 1,500,000
Capital Program Reductions	795,325
	<u>2,295,325</u>

### On-Going Measures:

Reductions to Community Organizations	228,452
Allocation of Costs to Enterprise Funds	460,983
Internal Service Fund Reductions	495,541
	<u>8,584,976</u>

<b>Total</b>	<b>\$ 10,880,301</b>
--------------	----------------------

Each of these elements is discussed below.

### ***Labor Cost Reductions (\$1.5 Million)***

The proposed budget included \$1.5 million in anticipated General Fund savings due to labor cost reductions. When the national economic crisis first hit and it was apparent that this situation would have a negative impact on the City's budget, many employees expressed interest in reducing hours, freezing benefits, or accepting work furloughs in order to minimize service impacts on the public and reduce employee layoffs. As a result, the City's Employee Relations Manager negotiated informally or formally with most employee groups to achieve cost savings that will reduce overall expenditures and help to close the budget gap.

Leading by example have been the City's Supervisors Association and unrepresented managers. Both of these groups will be subject to mandatory work furloughs, frozen benefit packages, and a suspension of the vacation cash out option. These concessions will generate approximately \$840,000 of savings to the General Fund.

The Treatment and Patrol Officer units have also agreed to similar concessions in their recently approved contracts. Most of these employees work in non-general fund operations. However, the savings generated through these agreements will avoid possible service reductions or additional fee increases in these operations as well.

Discussions or negotiations also included the Police Management Association, the Police Officer's Association, the Firefighters Association, and the Service Employees International Union (SEIU) in order to not only meet our goal of \$1.5 million, but exceed it. Our intention

# BUDGET MESSAGE

## City Administrator's Budget Message

was for the Council to utilize the savings above our goal to restore service cuts, assuming economic conditions permit. Just prior to budget adoption, labor concessions from SEIU generated overall savings in excess of the \$1.5 million goal. The additional \$134,465 in savings was in part used to avoid layoffs of staff as shown on page A-19 of this document.

### ***Capital Program Reductions (\$795,325)***

The General Fund multi-year forecast originally provided for \$1,898,305 in funding from operating revenues for capital projects. This funding was based on ongoing capital programs, current projects that will continue through fiscal year 2010, and the objective to provide additional funding for the backlog of capital projects that has built up over the years. In light of the budget shortfalls, we proposed reducing the funding by \$795,325 to approximately \$1.1 million.

In many cases, projects scheduled for funding in fiscal year 2010 have been deferred. For example, one key project put on hold is the replacement of the City's financial management system. It is a three-year project that was scheduled to begin late in fiscal year 2009; it has been delayed until the start of fiscal year 2011 – essentially a 13 to 16 month delay.

### ***Departmental Budget Adjustments (\$7.4 Million)***

The largest component of the balancing strategy was direct adjustments to programs and services. All General Fund departments were asked to find savings or increased revenues totaling \$7.4 million. Although public safety (police and fire) represents over 50% of the total General Fund operating budget, the allocation was made using a formula that allocated only one-third of the \$7.4 million to public safety (police and fire) and the remaining two-thirds to all other General Fund departments. This formula allocated 4.7% of the overall required adjustments to Police and Fire Departments and 9.9% to non-safety departments. The accompanying table shows the final allocation.

Each department developed its own strategy to meet the budgetary target. Staff placed a strong emphasis on

<b>GENERAL FUND</b>

minimizing service level impacts on City residents, and especially on preserving critical public safety services.

Another area of emphasis was to avoid employee layoffs whenever possible. Since labor costs represent approximately 76% of total General Fund costs, it was virtually impossible to generate this magnitude of cuts without eliminating positions. Fortunately, due to the hiring freeze, many of these positions were vacant.

In total, the adopted fiscal year 2010 budget included the elimination of 42.70 full-time equivalent positions, to be eliminated effective July 1, 2009. The majority of the positions deleted were either vacant or would become vacant during fiscal year 2010. Human Resources staff worked closely with all departments to minimize layoffs. Strategies included moving employees into other non-General Fund positions for which they were qualified, contracting with enterprise operations to do work formerly performed by outside service providers, and using employees on special assignments that have outside funding.

In addition to the elimination of permanent positions, the proposed budget also included the reduction in amounts budgeted for hourly salary and benefits totaling approximately \$400,000. This equates to approximately ten full-time equivalent positions. Hourly employees are used by all departments, but most heavily in the Parks and Recreation and Library Departments.

### ***Allocation of Costs to Enterprise Funds (\$460,983)***

Staff analyzed certain City services that are funded from the General Fund to determine if they could reasonably and legally be funded through enterprise funds. For example, several years ago, we identified that the General Fund was paying for landscape maintenance services in the Waterfront parking lots, despite the fact that the revenues from these lots remained in the Waterfront Enterprise Fund. Those costs are now being paid by the Waterfront Fund. As part of the overall balancing strategy, we identified other costs that are attributable to enterprise funds beginning in fiscal year 2010.

Beginning in fiscal year 2010, the Waterfront Department assumes responsibility for the maintenance of three restrooms in the Waterfront area: Stearns Wharf, Leadbetter Beach, and the Visitor's Center restroom on Garden Street. The Waterfront Department will also assume responsibility for the maintenance of the Dolphin Fountain at the base of Stearns Wharf. This will save \$58,983 in the General Fund. In addition, the Waterfront Fund will pay the costs to provide lifeguards on the beach, totaling \$147,000 (The final balancing strategy approved by the City Council reduced this amount to \$72,869, a decrease of \$74,131 for additional loan interest the Waterfront will pay the General Fund). Lastly, the General Fund was paying \$55,000 to produce a fireworks show on the beach in celebration of 4<sup>th</sup> of July. Beginning July 4, 2009, the Waterfront Department will assume those annual costs.

## City Administrator's Budget Message

The second reallocation of costs relates to the maintenance of sidewalks on State Street. The Parks and Recreation Department was paying the Downtown Organization \$721,400 for the ongoing maintenance of the State Street sidewalks and landscaping. Because of the benefit the downtown area receives from the maintenance of State Street sidewalks and the impact on the sidewalks and landscaping from those utilizing the parking structure in the downtown area, a portion of the cost (\$200,000) was allocated to the Downtown Parking Fund beginning in fiscal year 2010. The final balancing strategy approved by the City Council increased this amount to \$312,621.

### ***Internal Service Fund Reductions (\$495,541)***

Internal service funds include operations that provide services exclusively to other City operations. The internal services include centralized information systems, building maintenance, motor pool, risk management and communications. Each year, the General Fund pays approximately \$9.5 million for services provided by internal service funds.

In order to contribute to the savings, most internal service funds were asked to reduce their charges to the General Fund by 7% without significantly reducing services. In effect, they would have to find a way to cut costs while maintaining essentially the same level of services – primarily through increased efficiencies. The 7% reduction in charges provided almost \$500,000 in savings to the General Fund.

### ***Reductions in Funding to Community Organizations (\$228,452)***

The City provides financial assistance totaling approximately \$3.44 million to a number of community groups, organizations and agencies out of the General Fund. These organizations are involved in activities such as promoting the community to attract visitors and tourists, encouraging arts activities and promoting festivals, and providing grants to human services organizations in the community.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

Over the past five years, the total funding for community groups has steadily increased at an average growth rate of 3.4%, a total increase of over \$500,000. The largest recipients of funding increases have been the Conference & Visitors Bureau and Film Commission, the County Arts Commission, and the human services grants program. These agencies have seen an average increase in funding of 2.4%, 9%, and 5.2%, respectively, in the last five years.

In light of the magnitude of the financial impacts to the General Fund, reductions in funding to most community organizations were included in the recommended budget. In general, the reductions were commensurate with the adjustments allocated to General Fund departments. The reductions provided \$228,452 in savings to the General Fund in fiscal year 2010. The final balancing strategy approved by the City Council restored funding for New Beginnings (\$3,654) and the Conference & Visitors Bureau and Film Commission (\$125,957).

Similar reductions were made to the contract with the Downtown Organization for cleaning of the sidewalks on State Street in the downtown area and to the Community Media Access Channel, the non-profit organization in charge of programming of the public television channel (Channel 17).

Due to the financial pressure human services organizations are under, and consistent with prior actions of the City Council, staff did not recommend any reductions to the City's Human Services Grant program.

## Departmental Cuts Will Impact Service Levels to the Public

As each department put together its proposed budgets, considerable thought and analysis went into developing honest and sound financial plans that would have the least impact on services provided to the public. For the most part, these efforts have been successful. However, it is critical to understand that the level of cuts will have some impact on services. Response times may be longer, public counters will not always be staffed, and some facilities will be closed or have reduced operating hours.

A comprehensive description of the financial impacts, the balancing strategy, and the service level impacts is included for each department in the Departmental Budget section of this document. A summary of the proposed balancing strategy developed by each department is provided below. Beneath the summary are the adjustments to the recommended budget approved by the City Council.

## City Administrator's Budget Message

### Administrative Services

The Administrative Services Department includes Human Resources and City Clerk Divisions. Their share of the \$7.4 million allocated budget adjustment was approximately \$244,000, which was met primarily through workforce reductions that would save approximately \$152,000.

A vacant Human Resources Assistant will be eliminated. As a result, certain tasks will be reassigned to, and absorbed by, other Human Resources staff. The impacts to services would include delays to the completion of various functions, including maintenance of the City's on-line job application system and records management function, and the discontinuance of outreach efforts tied to the City's internship program.

A vacant Deputy City Clerk position would also be eliminated, which would cause delays in the preparation of City Council minutes, responding to research requests, tracking Conflict of Interest filings, conducting outreach for boards and commissions, and tracking and follow-up on required City Council and board and commission member training.

The department also substantially cut back citywide training, including the Learning for Excellence and Achievement Program (LEAP), the City Leadership Academy (CLA) program, and the Educational Tuition Reimbursement Program. These reductions, totaling \$77,282, would affect the frequency and quality of these programs to City staff.

### City Administrator's Office

The City Administrator's Office was allocated a budget adjustment of approximately \$226,000. This was achieved primarily through workforce reductions totaling approximately \$150,000 and other cuts totaling approximately \$76,000. Three positions would be eliminated, including one full-time City TV Production Assistant, one part-time Communications Specialist, and one vacant, full-time, Executive Assistant position.

The proposed workforce reductions to the City TV Program would result in fewer special televised productions; however, televised coverage of City meetings, production of the monthly episodes of *Inside Santa Barbara* and quarterly episodes of *Garden Wise Guys*, and limited special programming would be maintained.

As a result of the proposed elimination of the Communications Specialist position, communication products for the public and employees would be redesigned, cancelled, or distributed less frequently.

# BUDGET MESSAGE

## City Administrator's Budget Message

### City Attorney's Office

The City Attorney's Office was required to generate savings of approximately \$232,000. Virtually all of these savings were achieved through workforce reductions. A total of five full-time positions were converted from full-time to part-time – in most cases to 80% - and one hourly position would be eliminated, saving \$199,957.

The elimination of positions would have a measurable but indeterminate impact on the City Attorney's level of service.

### Community Development

The Community Development Department's share of the \$7.4 million budget adjustment was approximately \$1 million. While some additional revenues were identified, their share was achieved mostly through expenditure cuts, including the elimination of nine staff positions valued at approximately \$741,000.

Although the decline in development activity lessened the workload of Community Development staff, eliminating nine positions would have measurable impacts and would affect their ability to provide a consistent level of service. Some examples include:

- Delays in processing special ordinance revision requests;
- Decreased efficiency in zoning enforcement;
- Overall slowdown in development review applications;
- Decreased staff support to the Neighborhood Improvement Task Force; and
- Decreased support to *Plan Santa Barbara* and the ability to keep on schedule.

### Finance

The Finance Department's strategy to close its approximately \$470,000 budget gap included both cuts in expenditures, including elimination of positions, as well as additional revenue from a newly proposed fee.

Effective July 1, a new fee of \$5 would be assessed on delinquent utility accounts. The City processes thousands of delinquency notices per year, and currently no penalties are assessed to deter delinquencies or to recover the costs associated with processing them. Staff conservatively estimated revenues from this new fee at \$100,000.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

Workforce reductions included the elimination of two vacant full-time positions, saving \$156,885. One of the positions to be eliminated was a Senior Accountant position that provides general accounting and financial reporting support in the Accounting Division. The second position to be eliminated was an Administrative Specialist position, which was one of several of these positions in the Treasury Division that performs a variety of cashiering and revenue collection duties. We also allocated an additional 12.5% of the Assistant Finance Director's salary and benefit costs (\$25,306) to the Solid Waste Fund, bringing the total allocated to 50%. This would align the allocation of costs with the amount of time spent managing that operation.

As one of several administrative departments, the Finance Department's primary purpose is to provide finance-related services to other City operations. As such, the cuts in staffing would have a measurable impact on the Finance Department's level of services provided to other departments and, to a lesser extent, to external customers. Work assignments would have to be re-prioritized and some non-critical duties would receive less attention, while others may be discontinued indefinitely.

Non-personnel costs would also be reduced in total by \$148,485. The most significant of these is the proposed elimination of the ongoing revenue audit program performed by contract for payments of TOT from hotels, utility users' taxes from utility companies, and sales taxes from the State Board of Equalization. The elimination of the contracted services for revenue audits, while considered a temporary measure, may result in an unquantifiable loss of revenue that may otherwise have been detected through these audit efforts. However, revenues would continue to be monitored by City staff for unusual payments or trends, and specific action would be taken as appropriate. These measures would not have any impacts to services.

### Fire

The Fire Department's allocated budget cut was approximately \$908,000. A portion of this (\$300,000) was met through an increase in mutual aid revenues based on the revenues collected in the last three years. The remainder of the adjustments were cuts in personnel costs totaling approximately \$574,000.

Two non-sworn positions would be eliminated – an Office Specialist and a Public Education Coordinator – generating savings of approximately \$161,000. Other personnel cost cutting measures included:

- Reducing overtime for minimum staffing based on a three-year trend of reduced sick leave usage (\$121,710);

# BUDGET MESSAGE

---

## City Administrator's Budget Message

- Maintaining the current vacancy in the relief Fire Captain rank (\$25,657); eliminating five "relief" positions (\$125,000);
- Implementing an interim management strategy for the first six months of the fiscal year in connection with the retirement of the Fire Chief to achieve savings of approximately \$109,000; and
- Reducing funding for hourly positions in Fire Administration and the Office of Emergency Services (\$31,875).

The elimination of the Office Specialist position would result in slower processing time for public records requests, and processing purchase requisitions and claims for payments to vendors. In addition, many incoming non-emergency calls would be transferred to an answering machine. The elimination of the Public Education Coordinator position would result in certain services and duties being discontinued, including public education for senior citizens and public education outreach events, Office of Emergency Services website maintenance, and staff support to the Emergency Services Manager.

The elimination of the five "relief" positions should have no impact on the services provided to the public or in any way impact the safety of the public. Due to the benefits granted to sworn fire personnel, paying overtime in lieu of filling these positions saves approximately \$25,000 per position. This strategy would be implemented over time through attrition and the \$125,000 savings would be achieved when the positions are not filled.

### Library

The Library Department's allocated budget cut was approximately \$455,000. The Library also needed to identify an additional \$203,000 in cuts to offset declines in Library revenues.

All but \$5,000 of the approximately \$658,000 allocated adjustment was realized through expenditure reductions, including \$550,372 from the elimination of eight positions, only two of which are vacant. In addition, the Library would cut back on spending for books, DVDs, music CDs, books on CD, downloadable audio books, and online databases.

Due to the elimination of eight positions, the Central and East Side Libraries staff recommended closing on Mondays. In addition, there would be a measurable reduction in services to the public in several areas. The loss of two professional Librarian positions would affect reference services provided to the public. In addition, delays would occur in the completion of tasks requiring professional attention, such as book selection, collection maintenance activities and training.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

With the elimination of the Senior Librarian position in the Youth Services Program, certain programs targeted to teens would either be reduced or eliminated. Collaboration efforts and memberships in local organizations and community-wide coalitions would also be reduced or eliminated.

### **Mayor and Council's Office**

The Mayor & Council's Office met their allocated budget cut of approximately \$84,000 through reductions to several expenditure accounts, including a 75% reduction in their budget for meeting and travel and paid interns. Reductions were also proposed for dues, memberships, and other miscellaneous expenditures.

The budget reductions would not materially affect services provided to the public. However, the reduced meeting and travel budget may have reduced the City's involvement and representation in state and national discussions for local government leaders.

### **Parks and Recreation**

The Parks and Recreation Department's share of the allocated budget cut was approximately \$1.5 million. Of this total, \$962,707 was achieved through the elimination of thirteen staff positions and 16,871 hours of seasonal staff. An additional \$459,506 in savings was proposed from reductions to non-personnel expenditures across all divisions, including contracted work, equipment purchases, supplies, training and travel.

In the Parks Division, 4.7 full-time equivalent (FTE) positions, including hourly staff, would be eliminated. This would have a direct impact to the maintenance efforts for City parks. For example, mowing at eighteen parks will occur bi-weekly instead of weekly; there would be a 40% reduction in pruning and maintenance of park and facility trees; and the vegetative fuels reduction program will be scaled back to include defensible space only.

In the Recreation Division, 13.3 FTEs, including hourly staff, would be eliminated. This would result in the reduction or elimination of several programs and services. Examples include:

- The Lower Westside Center would be closed;
- The 1235 Teen Center would be closed Saturdays;
- The Oak Park Wading Pool would remain closed;
- Recreation Swim at Ortega Pool would be cancelled;
- The Senior Tour Program would be cancelled; and

# BUDGET MESSAGE

---

## City Administrator's Budget Message

- The Fun on the Run mobile recreation, adapted recreation programs and Summer Concerts in the Park would be suspended until fund raising could support the programs.

In the Administration Division, the loss of 1.4 FTEs would cause delays in facility improvement projects and would require closing the reception desk one hour earlier – from 6:00 p.m. to 5:00 p.m.

### Police

The Police Department's share of the allocated budget cuts was approximately \$1.6 million.

The Department achieved its allocated cut largely through new or enhanced revenues totaling over \$1.3 million, of which \$715,500 related to anticipated federal grants made available through the federal stimulus package – the American Recovery and Reinvestment Act (ARRA) - enacted in February 2009. In addition, six non-sworn positions would be eliminated which would generate savings of approximately \$670,000.

Federal grants made available through ARRA included an entitlement grant of approximately \$209,000, called the Ed Byrnes Justice Assistance Grant ("JAG"), that would be used to fund one sworn position for two years that would have otherwise been eliminated. An additional amount of funding would be received to administer the grant on behalf of other agencies in the County.

A second grant, the Citizen Oriented Policing (COP) grant, was a *competitive* grant and was not guaranteed. Funding for four sworn positions was being sought from this grant, totaling \$451,420. If the grant was not awarded, these sworn positions would be eliminated. Since the grant funding was not eligible for supervisory level positions, two vacant positions - a Lieutenant and a Sergeant – were downgraded in rank to the police officer level.

Workforce reductions included the elimination of three non-sworn positions effective July 1, 2009 – a Network Technician, an Animal Control Officer, and a Records Specialist. Three additional non-sworn positions would be eliminated at different times during the year based on the anticipated retirements of the individuals currently filling the positions, including a Range Master, a Records Manager, and an Animal Control Supervisor.

Based on the grant funding that could avoid the elimination of any sworn personnel, the only anticipated impact to the Department and public was the downgrade of two supervisory level sworn officers.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

The elimination of administrative staff would require the redistribution of work among existing staff. This work was primarily for the benefit of internal operations and, as such, should not affect the public. The elimination of the Animal Control Officer on July 1 and the Animal Control Supervisor late in fiscal year 2010 (planned retirement) would result in a 20% reduction in citation production and increases to response times. The duties of the Animal Control Supervisor would be assigned to an Administrative Services Sergeant.

The Department was also proposing the elimination of the school crossing guard program that provides hourly employees to assist children to cross streets adjacent to schools. Staff would work closely with the schools to implement other alternative arrangements such as utilizing parents, volunteers, or school personnel to assist children in getting safely to and from school. The savings from eliminating this program totals \$112,000.

### Public Works

The Public Works Department's allocated share of the budget cuts was approximately \$721,000. This was achieved through a combination of new and enhanced revenues, reductions in workforce and cuts to non-personnel expenditures.

Revenues from engineering charges tied to capital improvement projects across all City funds were increased by \$315,000. This was accomplished by moving two non-billable positions from the Land Development Program. Other engineering revenues were lowered by \$85,000 due to the decreased level of activity in the Land Development function Citywide.

Workforce reductions totaling almost \$300,000 included the elimination of one full-time Principal Engineer position, a downgrade of an existing administrative position, and the movement of four positions out of the General Fund to other Public Works Funds/Programs.

The balance of the expenditure reductions included:

- Reduced contract support for the Real Property Management Program for appraisals and right-of-way issues;
- Reduction to funding for the Leaking Underground Fuel Tank (LUFT) program; and
- Reduction in support to the neighborhood clean-ups from four to three per year.

### APPROVED CHANGES TO RECOMMENDED BUDGET

The City Council approved a number of adjustments to the recommended General Fund budget, including changes to the proposed balancing strategy for each department discussed above. The adopted General Fund budget incorporates all of the below Council-approved adjustments:

#### Additional Cost Items

Cost of Avoiding Layoffs*	\$ 589,503
Reduce Waterfront Lifeguard Cost Shift by loan interest amount	74,131
Increase Appropriated Reserves Due to Uncertainty	300,000
Restore 8.4% Reduction to New Beginnings	3,654
Restore 8.4% Reduction to Convention and Visitors Bureau Funding	<u>125,957</u>
<b>Total Additional Cost Items</b>	<b><u>\$ 1,093,245</u></b>

#### Cost Savings and Increased Revenues

Additional Reductions to Employee Development Program	\$ 21,722
Phase-Out of Zoo Water Purchase (Savings in each of next 3 yrs.)	52,774
Reducing General Fund Contributions to Vehicle Replacement Fund	372,424
Delay Additional Capital Projects for 1 Year	445,000
Shifting 50% of Downtown Org. Contract to Downtown Parking	112,621
Savings from Restoring Library Full-Time Staff	14,573
Charge Interest on Waterfront Loan	<u>74,131</u>
<b>Total Cost Savings or Increased Revenues</b>	<b><u>\$ 1,093,245</u></b>

\* Labor concessions from SEIU allowed us to exceed our goal of \$1.5 million in labor cost reductions. The additional \$134,465 in savings offset the cost of avoiding layoffs.

The only changes to the recommended Enterprise or Special Revenue Fund budgets are the result of the changes to the General Fund budget listed above and adjustments to recognize savings through furloughs and other labor concessions.

### ENTERPRISE FUNDS

Enterprise funds account for essential programs and services, and represent approximately one-third of the City operations. Most enterprise fund operations are impacted to a certain extent by the current economic crisis primarily through a reduction in the demand for services and a corresponding loss of revenues. Each of the enterprise funds is discussed below.

#### **Airport Fund**

The current economic downturn has negatively affected the finances of the Airport Fund in two areas. First, the decline in passenger and commercial airline traffic has resulted in a decline in revenues generated from landing fees, parking revenues, and concessions. Secondly, the general decline in the economy has resulted in the loss of some major tenants and rental income is down. In total, revenues for fiscal year 2010 reflect the declining economy and real estate changes and are projected to be approximately \$267,000 (2.3%) below fiscal year 2009.

In developing the recommended budget, the Airport Department's goal was to meet the operational needs of the Airport, while maintaining the cash flow necessary for the issuance of long-term debt to finance the upcoming Airline Terminal Improvement Project. In order to offset the loss of revenues, the adopted Airport Fund budget includes several measures, including raising parking fees to raise an additional \$60,000 in revenues; and expenditure reductions totaling approximately \$206,765, including the elimination of one position.

In an effort to keep pace with the industry and to encourage alternative transportation, Airport staff recommended adjustments to parking rates in both the short-term and long-term parking lots. Specifically, an increase from \$17 to \$20 to the maximum daily rate in the short-term lot was proposed. In addition, while the daily rate in the long-term lots will remain at \$9, staff recommended the discontinuance of the two free days currently offered after seven days of continuous parking. With these changes, parking revenues are estimated to increase by \$60,000 annually.

Expenditure reductions include the elimination of a vacant, full-time, Administrative Assistant position, which will save \$77,118. The position is assigned to the Maintenance Division and is responsible for general accounting and administrative support. Other staff will absorb these duties.

All divisions were requested to reduce their fiscal year 2010 operational expenditures by a minimum of 3% in relation to the fiscal year 2009 adopted budget. With a few exceptions, all divisions met or exceeded the 3% reduction goal. Due to the fixed nature of Aircraft Rescue and Fire Fighting costs, the Certification Division could not meet the 3% reduction.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

A minor service level reduction in the Patrol/Operations Division during late night and early morning hours was also proposed. In order to reduce overtime costs, the Division is incorporating the use of technology to allow a reduction in the operating hours of the Security Operations Center, which operates 24 hours per day, 7 days per week. Calls for service received during low activity periods (midnight to 4 a.m.) will be redirected to Patrol Officers in the field.

### **Downtown Parking Fund**

The Downtown Parking Fund is responsible for the maintenance and operation of the City's parking lots and structures. The most recent addition was the Granada Garage on Anacapa Street between Anapamu and Victoria Streets.

Over the past two years, Downtown Parking revenues have not met projections. Although budgeted at \$5 million, they remained close to \$4.5 million for both fiscal years 2007 and 2008. For fiscal year 2009, revenues from hourly parking will decline by approximately \$100,000 to \$4.4 million. We are projecting an additional \$100,000 decline in fiscal year 2010 to an estimated \$4.3 million. These declines are based on current trends of parking transactions, which reflect the general slowdown in the economy.

Beginning in fiscal year 2010 we recommended a portion of the contract with the Downtown Organization to clean the sidewalks on State Street be allocated to the Downtown Parking Fund. The contract, lowered to \$625,242 for fiscal year 2010, is currently managed by the Parks and Recreation Department and paid out of the General Fund. Because of the benefit the downtown area receives from the maintenance of State Street sidewalks, and the impact on the sidewalks and landscaping from those utilizing the parking structures in the downtown area, \$200,000 of the total contract is allocated to the Downtown Parking Fund (The final balancing strategy approved by the City Council increased this amount to \$312,621).

We also recommended a one-year pilot program in conjunction with the Downtown Organization to provide for additional police resources in the downtown area and parking facilities. This recommendation was pursuant to the recent recommendations from the City Council subcommittee on Homeless Issues and Community Relations. The program provides for up to a 50% match to funds provided by the Downtown Organization to employ part-time Police Officers to patrol these areas. The maximum cost to Downtown Parking is \$50,000.

In response to the decline in revenue and these additional costs, we recommended several measures. The first was the reduction of costs where possible within the operation. Second, we recommended that the My Ride Program, which provides substantial discounted bus fares to downtown workers using the MTD bus system, be phased out over a two-year period,

# BUDGET MESSAGE

---

## City Administrator's Budget Message

beginning in fiscal year 2010. This program currently costs \$150,000. Lastly, we recommended that Downtown Parking Fund reserves above policy be used primarily to fund the capital program.

Parking rates and trends will continue to be monitored through fiscal year 2010 and, if necessary, rates will have to be increased in fiscal year 2011 to make up for continued revenue shortfalls, as well as to build up capital reserve balances as planned several years ago.

### **Golf Fund**

The Golf Fund experienced a decline in golf rounds of 2.32% through January 2009. As a result, revenues for fiscal year 2009 are expected to fall by approximately \$20,000 from fiscal year 2008 and an additional \$110,000 in fiscal year 2010.

Further impacts to revenues may be caused by capital improvements planned at the golf course. Phase III of the Safety Improvement Plan is complete with irrigation improvements in place. Phase IV includes reconstruction of two greens, one tee box and installation of continuous cart paths around the entire course. These projects are expected to be completed by September 2009.

No increases to green fees were proposed for fiscal year 2010 in light of the economic environment and the pending impacts of the planned capital improvements. Instead, the projected revenue losses will be offset by expenditure reductions, primarily from a reduction in planned capital expenditures. Other savings will be generated from reductions to hourly staff and various materials and supplies.

### **Water and Wastewater Funds**

The Water and Wastewater Funds are generally not directly impacted by economic downturns. These two utility operations are primarily affected by weather conditions and voluntary conservation efforts that affect water consumption and, therefore, revenues.

A 3.5% increase was proposed to water rates and a 4% increase was proposed to wastewater monthly service charges in fiscal year 2010. In addition, water and wastewater buy-in fees are increasing by almost 100%, which will fund increasing costs of operations, capital improvements and, in the case of the Water Fund, to fund the increased treatment costs caused by impacts to water quality from the Zaca Fire.

# BUDGET MESSAGE

## City Administrator's Budget Message

### Waterfront Fund

The Waterfront Fund relies on revenues generated from the waterfront, including parking fees, commercial leases and slip fees. While most revenues have held steady during this economic downturn, revenues generated from slip transfer fees have declined markedly. Slip transfer fee revenues are projected to be approximately \$500,000 below budget in fiscal year 2009 and the trend is expected to continue into fiscal year 2010.

In addition, beginning July 1, 2009, we proposed that the Waterfront assume responsibility for three sets of expenses that have been paid by the General Fund. The first is the cost for beach lifeguards. The proposed budget recommended that the Waterfront Fund reimburse the Parks and Recreation Department \$147,000 for the cost of this program (The final balancing strategy approved by the City Council reduced this amount to \$72,869, a decrease of \$74,131 for additional loan interest the Waterfront will pay the General Fund). Second, we proposed that the Waterfront take over the responsibility of maintaining three restrooms located along the waterfront -- Stearns Wharf, Leadbetter Beach, and the Garden Street visitor center. Additionally, the Waterfront Department would also take over responsibility for maintaining the Dolphin Fountain at the base of Stearns Wharf. This would result in savings to the General Fund of \$58,883. The third area is paying the direct costs associated with the 4<sup>th</sup> of July fireworks show on the beach. This expense is \$55,000.

In total, the Waterfront Fund will need to raise revenues and cut costs to close a projected gap of approximately \$500,000 caused by revenue declines, plus an additional \$202,000 to cover the costs allocated from the General Fund.

The Waterfront Department's strategy to address the revenue shortfall and increased expenses is to cut operating expenses, increase user fees, and reduce funding for capital programs. Additional fee increases and capital program cuts will be needed in the next three to five years to maintain reserves at minimum required levels.

Effective July 1, the Department proposed parking rates be increased in hourly (staffed) lots, honor fee (unstaffed) lots, and on Stearns Wharf. Slip fees will be increased 4% (with a 4% increase in fiscal year 2011 and 3% in fiscal year 2012); visitor slip fees will be increased 50%; and slip transfer fees will be increased. A variety of other administrative fees will be increased such as boat charter permits, public meeting room rentals, maximum daily parking fees for vehicles and boat trailers, and temporary docking fees for visiting (non fishing) vessels. These measures are expected to generate an additional \$722,000 in revenues in fiscal year 2010.

# BUDGET MESSAGE

---

## City Administrator's Budget Message

Reductions to operating costs include the elimination of several hourly positions in the Parking and Facilities Maintenance programs. Maintenance projects planned for the public deck at 217 Stearns Wharf (adjacent to the wine tasting room) and the Marine Center Building (125 Harbor Way) have been deferred indefinitely. The janitorial service contracts with UPC/Work Inc. and ServiceMaster will be reduced or cut back. In total, these measures are expected to save approximately \$533,000.

With respect to the Waterfront Department's capital program, cost reductions were proposed for the Marina Annual Capital repair program, the annual Stearns Wharf pile driving program, and the replacement of the video security system. The Navy Pier timber replacement project has been eliminated. Additional capital program reductions of approximately \$595,000 will be required during the next three to five years to maintain reserves at minimal required levels.

We will be carefully monitoring the impact of raising the parking fees. The increase may discourage consumers from patronizing businesses in the Harbor and on Stearns Wharf, which could have a negative effect on percentage rent revenue received from Waterfront lessees. Reductions of hourly positions in the Parking Program could result in less parking revenue due to less monitoring in the honor fee lots. Reductions in the Facilities Maintenance programs will mean that less maintenance and janitorial services will be provided.

Because of work furloughs, as well as the cost reductions noted, the Waterfront Department might not be able to meet its performance goals. The Department's ability to complete minor and major capital projects will also be adversely affected. The reduction of workforce hours will require staff to focus more on accomplishing day-to-day tasks with less time devoted to long-term planning efforts.

## City Administrator's Budget Message

### CONCLUSION

Producing the adopted Fiscal Year 2010 Budget was the most difficult in recent history. Managers and program owners in our organization are proud of the services they provide to the public and it is especially painful to reduce programs in which they have invested portions of their professional careers and have public constituencies. Additionally, many of the difficult decisions have a direct impact on the lives of work colleagues, and in some cases, their entire families. I am proud of the professionalism in which the organization dealt with these difficult decisions, and the strong emphasis on maintaining services, while trying to minimize employee layoffs. Many of these reductions are not popular, but they represent our best collective approach to dealing honestly and professionally with the real economic crisis we face.

I especially want to thank members of the City's Budget Policy Steering Committee, composed of department heads and senior City management, which met almost weekly during the budget process to develop a comprehensive financial and management strategy. Their advice and input was critical in the development of this financial plan.

I also want to thank the Finance Department's budget team, who did the heavy lifting in the preparation of the actual document. They include Director Bob Peirson, Assistant Director Bob Samario, Treasury Manager Jill Taura, Budget Manager Michael Pease, and Financial Analyst Jonathan Abad. For weeks, they worked late into the night and on weekends in order to produce the final budget document.

## About the City of Santa Barbara

The City of Santa Barbara is located approximately 90 miles north of Los Angeles off of U.S. Highway 101, and is geographically sheltered by mountains on the north and the Pacific Ocean on the south. The City of Goleta and the unincorporated area of Montecito border the City on the west and east, respectively.

Until the late 1700's, the area currently known as "Santa Barbara" was occupied by the Chumash Indians. The Chumash lived in small villages along the coast and on the Channel Islands, living comfortably for thousands of years thanks to the abundance of wildlife and natural resources.

In 1542, Portuguese explorer Juan Cabrillo entered the Channel and claimed the land for Spain. In 1602, three frigates under the command of Sebastian Vizcaino entered the Santa Barbara Channel. One of the Carmelite friars on board named the bay and nearby shore after Saint Barbara.

In 1782, a group led by Father Junipero Serra, Captain Jose Ortigas, and Governor Felipe de Neve established a military presidio and, three years later, a mission. Spain governed the area until 1822, when California became a Mexican territory. Just 24 years later, in 1846, Colonel John Fremont and his soldiers took Santa Barbara for the United States.

The City of Santa Barbara (the primary government) was incorporated on August 26, 1850. The City is a charter city under the laws of the State of California and operates under a Council-Administrator form of government. The Council consists of six council members and a mayor, all of whom are elected at-large. The current City Charter was adopted on May 2, 1967 and provides for the following services: public safety (police and fire), construction and maintenance of highways and streets, sanitation, culture and recreation, public improvements, planning, zoning and general administration. Enterprise funds, operated in a manner similar to a private business, include water, wastewater, airport, parking, golf, and waterfront.

The Redevelopment Agency of the City of Santa Barbara, a blended component unit of the City, was established in 1968 and is a separate governmental entity as prescribed in the State of California's Community Redevelopment Law as set forth in the State's Health and Safety Code.

The City Council of the City of Santa Barbara and the Board of Directors of the Agency are legally separate boards; however, they share common membership. The City also provides all support staff and performs all administrative functions for the Agency under the terms of a written agreement between the two entities.

# DEPARTMENT SUMMARY

## Administrative Services

Provide effective and efficient support services that encompass preparing the official city record, conducting elections, and providing human resources and information system services.

### About Administrative Services

The Administrative Services Department consists of three divisions: City Clerk, Human Resources, and Information Systems. The Department is also responsible for managing the City's Legislative Program and high profile special projects. The Department provides important services to over 1,076 city employees and the community.

The City Clerk provides answers to questions from the public regarding city services and maintains the official city council meeting minutes and records.

Human Resources recruits employees, develops policies and administers the benefit and training programs.

Information Systems provides technical and user support for over 750 desktop computers, the Financial Management System, centralized GIS, Web Services, and Computer training.

### Fiscal Year 2010 Budget Highlights

The Administrative Services department will be responsible for:

- Coordinating the Citywide Records Management Program and the new electronic Workstream Council agenda preparation system.
- Reviewing and updating Human Resources' policies and procedures on the City Portal site.
- Initiating a four-year process to replace the City's multi-million dollar Financial Management System.

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were required to cut their FY 2010 General Fund budgets and/or identify additional revenues totaling \$7.4 million citywide. The Administrative Services Department's share of the \$7.4 million was \$243,484.

The \$243,484 in General Fund reductions came from budget cuts in the City Clerk (\$78,762) and Human Resources (\$164,722) Divisions. An additional \$21,722 for educational tuition reimbursement was also eliminated from the budget, above the originally proposed reductions.

#### Balancing Strategy

The Administrative Services Department's strategy to generate the necessary savings of \$265,206 focuses on eliminating vacant positions and reducing line item budgets, including reductions in employee training as discussed below:

#### Reduction in Non-Personnel Costs (\$113,572)

- Reduce Meeting, Travel and Supplies Expenditures in the City Clerk and Human Resources Divisions (\$14,568)
- Reduce LEAP training program budget (\$20,864)
- Reduce City Leadership Academy training program budget (\$33,140)
- Eliminate Educational Tuition Reimbursement program budget (\$45,000)

#### Workforce Reductions (\$151,634)

- The elimination of two positions, the vacant Human Resources Assistant and Deputy City Clerk, will save \$144,912. The elimination of the hourly employee in the Human Resources Division will save an additional \$6,722.

#### Service Level Impacts

The Administrative Services Department's primary purpose under the General Fund is to provide City Clerk and Human Resources-related services to other City operations and the public. As such, the cuts in staffing will have a measurable impact on the Administrative Services Department's ability to provide internal and external services.

# DEPARTMENT SUMMARY

## Administrative Services

### Service Level Impacts (cont'd)

With the elimination of the vacant Deputy City Clerk position, current staff will have to assume duties normally performed by a third Deputy City Clerk. As a result, delays could occur in the following areas:

- Preparing City Council/RDA minutes
- Preparing City advisory group oath of offices, new rosters, updating advisory group web pages and outreach for 33 Boards and Commissions
- Tracking and following-up with the City Council and board/commission members on the state-mandated ethics training
- Tracking and following-up on over 450 Form 700 filings
- Responding to research requests
- Reviewing close to 60 campaign statements, uploading paper-filed statements to the online system and administration of the online system

The elimination of the vacant Human Resources Assistant (\$73,996) will have an impact on:

- HR/Payroll Process: oversight of the biweekly HR-Payroll process; update of the FMS re: CAR/MOU/Administrative changes; maintain the Position Salary Control Resolution. These functions will shift back to a Personnel Analyst.
- NeoGov Administration: manage the administration of NEOGOV; handle issues/questions/system updates; conduct training for HR liaisons and managers/supervisors – These functions will be reassigned and likely to experience delays and updates could come later than desired.
- Records/HR Info Mgmt: Records management re: maintenance and timely destruction. Compile, collect, and analyze P3 data. Handle live-scan/record check issues/questions; resolve issues with the DOJ/PD; maintain employee database with the DOJ. Maintain/update the HR internet and portal sites. These functions will be reassigned and likely experience delays due to the increased workload.
- Internships: Work with departments re: internship availability; give presentations and sit on panels at local schools/colleges re: interest in government employment, jobs and internships; attend community and school job fairs, and other outreach opportunities; follow-up with interested individuals and answer questions – We will be forced to discontinue the proactive outreach strategy of the internship program.

### Service Level Impacts (cont'd)

Impact to reductions in training programs are as follows:

- Reducing the LEAP Training Program from \$41,000 to \$20,136 will mean that there will be fewer course offerings and fewer contracted specialty trainers. Under this scenario, we would also recommend eliminating the mandatory training requirement and make it a voluntary program.

Impact to reductions in training programs are as follows (cont'd):

- Reducing the City Leadership Academy (CLA) Training Program from \$36,140 to \$3,000 means that we will have to shift from a contract trainer program to an in-house trainer based program. Under this new model, City Department Heads, primarily, would serve as instructors. Department Heads will have this additional function and responsibility while simultaneously experiencing the impact of their own departmental budget reductions.
- Reducing the Educational Tuition Reimbursement Program by \$45,000 eliminates opportunities for employees to pursue college degrees or take outside classes with City sponsorship. In the various MOUs, employees are eligible to participate in educational reimbursement contingent upon the funding available, as outlined in the Educational Reimbursement Policy.

## Airport

Provide the region with safe, modern, convenient facilities to access the national air transportation system.

### About Airport

Santa Barbara Municipal Airport is the busiest commercial service airport on the California coast between San Jose and Los Angeles and has been owned and operated by the City since 1941. The mission of the Airport Department is to provide the community with facilities necessary for access to the National Air Transportation System, to provide property management and maintenance services for the leased business/industrial facilities on the Airport, and to provide fiscal management of airport funding sources to sustain the Airport as a self-sufficient entity and a vital economic contributor to the community.

The Airport is composed of 950 acres: 400 acres are wetlands (Goleta Slough Ecological Reserve) and 95 acres have been established as the Airport's commercial/industrial area. The Airport is located approximately 10 miles from downtown Santa Barbara and neighbors the City of Goleta and the University of California. The primary market area for the Airport encompasses Santa Barbara County.

The Airport is self-supporting and receives no local tax dollars for its operations. The revenues generated by the Airport are from tenant rents and user fees. These revenues are spent on Airport operations, maintenance, and capital/major construction projects as required by federal law. The Federal Aviation Administration (FAA) provides grant funding for capital improvements.

### Fiscal Year 2010 Budget Highlights

City finance team completed financing package for Airline Terminal construction.

Began construction of the consolidated rental car facility.

### Response to Economic Crisis

#### Amount Needed to Balance

As an Enterprise Fund of the City, the Airport is responsible for generating sufficient revenue from fees and charges for services to cover the costs of operation, maintenance and capital improvements. By Federal law, all revenues from the Airport's tenants and user fees must remain on the Airport. In addition, the Airport does not receive any General Fund tax revenues such as property taxes or sale taxes. As such, it is not part of the overall balancing strategy affecting the General Fund.

However, the current economic downturn has negatively affected the finances of the Airport Fund. Accordingly, the Airport's budget has been prepared based on forecasted revenues from rentals and user fees taking into consideration the current economic crisis, impact of the airline industry capacity reductions, and start of construction for the Airline Terminal. The Airport Department's goal was to meet the operational needs of the Airport, while maintaining the cash flow projections necessary for the issuance of long-term debt to finance the Airline Terminal Improvement Project.

Fiscal year 2010 revenues reflect the declining economy and real estate changes and are projected to be approximately \$267,000 (2.3%) below FY 2009, or \$12,438,678.

- Commercial and industrial revenues have been reduced 4.4% from prior year based on vacancies and the anticipated relocation of the Chrysler dealer to Hitchcock auto area, a loss of \$120,000 in revenue for the Airport.
- Non-Commercial Aviation revenue is projected to have a 5% decrease based on the termination of the DHL air freight lease (DHL ceased all domestic operations in February, 2009).
- Terminal revenues are budgeted 3.5% below prior year based on passenger traffic decreases. With a tight economy passengers are reducing discretionary spending so concession revenues are anticipated to remain low. Adjustments have been made to eliminate the revenue from the WiFi concession and the Luggage Cart. The Airport will assume the costs of operating the WiFi at a cost of approximately \$16,000. The charge for luggage carts was eliminated when the Skycap service was discontinued by the airlines.
- Commercial Aviation revenues will remain static in FY 2010 with some slight reduction in landing fees due to loss of Dallas-Fort Worth service and other schedule changes. Building rental will be adjusted in FY 2010.

### Balancing Strategy

#### New/Enhanced Revenues (\$60,000)

Parking fees at the Airport were last adjusted in August 2007. The parking fees are benchmarked with other southern California airports, and in an effort to keep pace with the industry and to encourage alternative transportation, Airport staff is recommending that the maximum daily rate in the short-term lot be increased from \$17 to \$20 and the daily rate in the long-term lots rate remain at \$9, however, staff is recommending that the two free days be terminated. With these changes, parking revenues are projected to increase approximately \$60,000 annually.

#### Reduction in Non-Personnel Costs (\$129,647)

All divisions were requested to reduce the FY 2010 operational expenditures by a minimum of 3% from the adopted FY 2009 Budget. With the exception of the Certification and Operations Division reductions met or exceeded 3%. Due to Aircraft Rescue and Fire Fighting costs, Certification could not meet the 3% reduction, although supply line items were reduced and two non-essential vehicles were removed from the vehicle maintenance allocated cost line item. Overall, Supplies were reduced by 6.1% in FY 2010, and City of Santa Barbara Allocated Costs was reduced by 14.9%.

#### Workforce Reductions (\$77,118)

One vacant full-time position will be eliminated, saving \$77,118. The position to be eliminated is an Administrative Assistant in the Maintenance Division that was intended to provide general accounting and administrative support.

### Service Level Impacts

A minor service level reduction in the Patrol/Operations Division during late night early morning hours will be implemented. The Patrol Division incurs a high level of overtime hours due to 25% the Patrol positions being vacant. In order to reduce overtime the Division is incorporating the use of technology to allow a reduction in the operating hours of the Security Operations Center which has been operating on a 24/7 schedule. Calls for service received during low activity periods (midnight to 4 a.m.) will be redirected to Patrol Officers in the field.

(Program No. 7411)

### Mission Statement

Provide vision and leadership to Airport Department programs to provide the region with a safe, modern, and convenient gateway to the national air transportation system.

### Program Activities

- Oversee management of all operating divisions within the Department.
- Implement City policies established by City Administrator and City Council.
- Develop procedures, rules, and regulations for Airport operations.
- Provide primary staff support to Airport Commission.

### Key Objectives for Fiscal Year 2010

- Accomplish 85% of the Department's program objectives.
- 🌿 Reduce electric energy consumption in Airport Department occupied facilities by 2%.
- Use a multi-media approach to distribute current information to our diverse audience about construction of the Airline Terminal.
- Develop conceptual guidance for use in updating the Airport Master Plan.
- 🌿 Continue to evaluate opportunities to install a solar photovoltaic system on the Long Term Parking lot.

## Business and Property Management

(Program Nos. 7412, 7414)

### Mission Statement

Manage fixed assets to insure the Airport's economic self-sufficiency, and maintain a strong financial position through prudent fiscal management practices.

### Program Activities

- Manage the Airport's commercial and industrial properties and aviation uses and activities.
- Ensure the Airport's economic self-sufficiency through full use and occupancy of Airport facilities.
- Monitor Airport property leases for compliance.
- Supervise the accounting and financial management functions of the Department.
- Administer the management contract for the public parking facilities at the Airline Terminal.

### Key Objectives for Fiscal Year 2010

- Maintain airline cost per enplaned passenger with the maximum not to exceed the median rate of the benchmark airports (\$5.62 - 2007).
- Maximize Airline Terminal enplaned passenger related revenue to meet or exceed actual 2007 revenue of \$11.77.
- Maintain annual lease revenue at budget target through effective management of commercial and industrial lease assets.
- Collect 95% of base rents by due date in lease.
- Complete the RFP preparation and solicitation for the Concession Program including a customer survey for the Airline Terminal Improvement Project by June 2010.
- Coordinate the construction and implementation of the Self-Service Fueling Project with MAG Aviation and the general aviation community.
- Complete a Passenger Facility Charge application for Airline Terminal Improvement Program funding by December 2009.
- Prepare and obtain FAA approval for a Cost Allocation Plan to recoup Airport overhead expenses.

## Marketing and Communications

(Program No. 7413)

### Mission Statement

Plan and implement comprehensive marketing and communications strategies to increase regional traveler awareness of local air transportation services. Work with national airline corporations to preserve existing service and encourage new service. Communicate the role and benefits of the Airport to the community.

### Program Activities

- Develop and implement air service strategic analyses to sustain and improve air service levels.
- Enhance awareness of Airport projects and services while encouraging and maintaining community goodwill through public information, aviation education and economic development activities.
- Develop information for media communications regarding Airport programs and operations.

### Key Objectives for Fiscal Year 2010

- Capture at least 55% of the regional (San Luis Obispo, Santa Maria, Santa Barbara & Oxnard airports) air service market share based on number of daily departures.
- Maintain a 90% rate of news releases that elicit coverage by at least one media format.
- Provide comprehensive public outreach efforts for the Airline Terminal Project in accordance with established construction milestones.
- Update and redesign Airport News Media Guide for distribution to local media outlets.
- 🌱 Use recycled paper for printed materials created in the Marketing & Communications Program.

## Airport Certification and Operations

(Program No. 7441, 7442)

### Mission Statement

Operate Airport pursuant to safety guidelines as outlined in Federal Aviation Regulation (FAR) Part 139 and minimize noise impacts of Airport operations on the communities surrounding the Airport, by promoting noise abatement procedures.

### Program Activities

- Assure compliance with FAA airport certification mandates which govern airports served by commercial air carriers.
- Provide emergency planning and response which includes Aircraft Rescue and Firefighting (ARFF) services and other safety requirements.
- Minimize adverse impacts of aircraft noise on communities around the Airport through pilot education and other noise abatement programs.
- Administer the Storm Water Pollution Prevention Plan as part of the Airport's National Pollution Discharge Elimination System (NPDES) Storm Water Discharge Permit.

### Key Objectives for Fiscal Year 2010

- Promote a safe Airport by achieving 90% compliance on FAR Part 139 FAA annual Airport Certification inspection.
- Ensure the safe condition of the airfield by achieving 100% compliance with FAR Part 139 daily airfield inspection requirement.
- Respond to 95% of periodic emergency response drills within Federal Aviation Administration (FAA) required time parameters.
- Host at least four Noise Abatement Committee meetings.
- Correspond with 100% of aircraft operators who fail to comply with noise abatement procedures, in which a noise complaint resulted.
- Develop and implement an on-line storm water training curriculum pilot project.
- Conduct a functional Airport Emergency Operation Center exercise by November 30, 2009.
- Review and update the Airport Emergency Plan.

## City Administrator's Office

Responsible for the overall management and administration of the City of Santa Barbara, based upon the City Charter and the policy direction provided by the City Council.

### About City Administrator's Office

The City Administrator's Office is composed of three programs: Administration, City TV (Channel 18), and Employee Relations.

Administration provides for the management of all affairs of City government and services, direct control of the administrative branch of City government, and oversight of and direction to departments.

City TV is responsible for producing all public information programming on the city's government access cable television station, Channel 18, including City Council and various board and commission meetings and Inside Santa Barbara.

The Employee Relations program works with over 1,000 full-time and part-time employees and several hundred hourly employees and their respective labor associations, regarding employee relations, contract negotiations, and current employee policies.

### Fiscal Year 2010 Budget Highlights

The City Administrator's Office will coordinate and collaborate with the South Coast Gang Task Force, community leaders and local agencies to implement a strategic plan to curtail youth violence and increase community support for local youth and families.

The City Administrator's Office will manage the City's Sustainable Santa Barbara Program and support completion of citywide green objectives.

The Employee Relations Program will work with employee bargaining units to negotiate savings in citywide labor costs.

The City TV Program will televise 16 board and commission meetings on Channel 18.

# DEPARTMENT SUMMARY

---

## City Administrator's Office

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The City Administrator's Office share of the \$7.4 million was approximately \$226,000. The City Administrator's Office includes the following programs: Administration, Employee Relations, and City TV.

#### Balancing Strategy

##### Reduction in Non-Personnel Costs (\$75,793)

Services and special supplies in all three programs were reduced to help achieve cost savings. Television production services were reduced by \$10,000. Contract attorney support for negotiations with employee bargaining units was reduced by approximately \$7,000. The remaining \$60,000 savings involved significant reductions to supplies and services, special projects, meeting and travel, training, printing, and dues and memberships.

##### Workforce Reductions (\$111,301)

Three positions were originally eliminated, including one full-time City TV Production Assistant, one part-time Communication Specialist, and one vacant, full-time Executive Assistant position. The City TV Production Assistant produces special programs and assists in televised meeting coverage. The Communications Specialist position works with departments to prepare monthly communication products, including the City Administrator's Report, the employee newsletter, and the City News-in-Brief water bill insert. The Executive Assistant provides clerical support to the City Administrator's Office.

The Communications Specialist position, totaling \$38,409, was restored to the budget as a result of negotiated labor concessions designed to avoid layoffs.

#### Service Level Impacts

The adopted budget will maintain televised coverage of City meetings, monthly episodes of Inside Santa Barbara, quarterly episodes of Garden Wise Guys and limited special programming capabilities. Funding also remains for Spanish translation and closed captioning services for City Council meetings. The budget adjustments will result in fewer special televised productions.

# DEPARTMENT SUMMARY

---

## City Attorney

Provide correct, helpful, timely and cost-effective legal representation and advice to the City Council and City departments in matters of law pertaining to the functioning of the City.

### About City Attorney

The City Attorney Department is responsible for representation and advice to the City Council, the Redevelopment Agency, Boards, Commissions and all City officers and staff in all matters of law pertaining to the City.

These responsibilities include, but are not limited to: attending City Council, Planning Commission and other board and commission meetings as needed; handling over 1,000 annual opinion requests and other assignments involving necessary legal work; and weekly agenda preparation and review of items that come before City Council and Planning Commission. In addition, the office is responsible for all City code enforcement and litigation services.

The office is staffed by six attorneys (the City Attorney and five assistants) and five clerical staff, which function as a close team. Many assignments cross over into several departments (e.g., Public Works, Community Development, Risk Management, Parks and Recreation, Police and Fire departments). Attorneys work cooperatively on complex matters such as the negotiations for Airport property development, major land use, environmental and water law issues, and complex litigation.

### Fiscal Year 2010 Budget Highlights

The City Attorney's Office will provide legal support to the City Council, City Administrator, and departments in pursuit of their objectives, among other things:

- General Plan Update;
- Airport Terminal Expansion Project;
- Neighborhood Improvement Task Force and code enforcement;
- Municipal Code revisions, particularly the City Purchasing Ordinance and Tree and Landscaping Enforcement;
- Defenses of litigation claims and prosecution of city claims;
- Proposed Charter Amendments; and

## City Attorney

### Response to Economic Crisis

#### Amount Needed to Balance

All City departments were asked to identify expenditure cuts or new revenues totaling \$7.4 million. The City Attorney's share of the \$7.4 million reduction was \$232,265.

#### Balancing Strategy

##### Reductions in Non-Personnel Costs (\$32,308)

Miscellaneous line-item expenditures, such as Meeting & Travel, Training and Publications in Supplies and Services, were reduced by a total of \$32,308.

##### Workforce Reductions (\$131,169)

The City Attorney's office met its target by reducing \$199,957 in salaries by eliminating an hourly position and reducing five full-time positions to part-time. Three of the positions reductions, totaling \$68,788, were restored to the budget as a result of negotiated labor concessions designed to avoid layoffs.

#### Service Level Impacts

The primary purpose of the City Attorney's office is to represent and advise the City Council, the Redevelopment Agency, Boards and all City officers and staff in all matters of law pertaining to the City. The elimination and reduction of positions, and the reduction of the many supplies and services line-items to this department, will have a measurable but indeterminate impact on the City Attorney's level of service.

# DEPARTMENT SUMMARY

## Community Development

Assist the public in managing the development of the community in order to protect and preserve the quality of life, promote a sound economic base and appropriate design, and ensure safe construction, all in balance with the constraints of the City's environment and resources.

### About Community Development

The Community Development Department is responsible for managing the development of the community. To accomplish this mission, the Department is divided into four functional divisions: Administration, Building and Safety, Housing and Redevelopment, and Planning.

Each division manages several programs consisting of policy formulation, economic vitality and redevelopment, inspections and enforcement, maintaining public health, safety and welfare, records management services, housing programs, home rehabilitation loans, allocation of Community Development Block Grant dollars, review of development plans, support to the Planning Commission, Architectural Board of Review, Historic Landmarks Commission, Sign Committee, and the Single Family Design Board, and long range planning with the community.

### Fiscal Year 2010 Budget Highlights

Redevelopment Agency Staff completed the East Cabrillo sidewalk improvement project, among many other projects, which all add to the continued success of the Central City Redevelopment Project Area.

Housing Programs Staff celebrated the completion of the 51 units of affordable housing sponsored by the Mental Health Association and assisted with \$5.1 million in City housing funds.

The Building and Safety and Planning Divisions have created and implemented an expedited review and approval system for TEA Fire applicants, including a new free design consultation and using the Consent Calendar of the Single Family Design Board for most formal reviews.

*Plan SB* completed the Policy Preferences Report and received direction from City Council to initiate the formal environmental review.

## Community Development

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The Community Development's share of the \$7.4 million was \$1,016,226.

#### Balancing Strategy

The Community Development Department's strategy to generate budget reductions of over \$1 million includes mostly cuts in expenditures, including elimination of nine staff positions. This is a reduction of over 12% of Community Development's General Fund staff positions. Key elements of the strategy are discussed below.

#### New or Enhanced Revenues (\$165,000)

Community Development adopted an 8% fee increase to the building permit fees and a 10% increase to the Land Development Team (LDT) fees. However, due to the uncertainty of permit activity and volumes of applications, we have not factored in an increase in revenue.

We increased miscellaneous revenue by \$165,000, thus offsetting salary and benefits expenditures, by entering into MOU type arrangements with the Public Works Department and our Housing Fund to work on special projects for Fiscal Year 2010 in lieu of Community Development Department workload. These projects are:

- Support to the Housing Element
- El Estero drain project
- Permitting process for the hydroelectric plant at Laurel Reservoir
- Scanning to the Questys System
- Staffing assistant to the Water Divisions water conservation efforts.

#### Reduction in Non-Personnel Costs (\$110, 244)

Reductions are made to various expenditure line-items totaling \$110,244. All hourly funds have been eliminated, thus reducing our capacity for sign and vegetation removal enforcement. Almost all overtime has been eliminated except in programs that staff board / commission meetings. Most professional services funds have been eliminated. Equipment, training, and meeting and travel accounts have been reduced by at least half of last year's budget.

# DEPARTMENT SUMMARY

---

## Community Development

### Balancing Strategy (cont'd)

#### Workforce Reductions (\$643,143)

Nine positions (8.5 full time equivalents) would be eliminated, saving \$740,982. One position was restored to the budget, at a cost of \$97,839 (net), as a result of negotiated labor concessions designed to avoid layoffs. The remaining positions being eliminated are listed in alphabetical order:

- Administrative Specialist (half time) – Building and Safety Division
- Administrative Specialist – Planning Division
- Building Inspector – Building and Safety Division
- Office Specialist I – Building and Safety Division
- Planning Technician – Planning Division
- Plans Examiner – Building and Safety Division
- Project Planner – Planning Division
- Senior Building Inspector – Building and Safety Division

### Service Level Impacts

Eliminating eight positions (7.5 full time equivalents) will have an impact on our ability to provide a consistent level of service. While some of the impacts will be absorbed by reduced workload from the slowdown in development activity, the following impacts are expected:

- Delay or unable to process special ordinance revision requests such as: the Hedge regulation ordinance, Condominium Conversion ordinance, variable setback in commercial zones, TOT on Vacation Rentals ordinance, etc.
- Reduced ability to process design review special studies such as historic surveys, historic districting plan, ABR Guidelines update, Solar Awards, and Sign ordinance and guideline amendments.
- Preliminary design review plan check reviews will be prolonged and this will likely result in longer wait times for applications to be scheduled on agendas.
- Decreased efficiency in zoning enforcement.
- Overall slowdown in development review applications.
- Responding to 95% of code enforcement complaints within 5-days will be reduced to 90% of complaints within 5-days.

# DEPARTMENT SUMMARY

---

## Community Development

### Service Level Impacts (cont'd)

- Same-day inspection requests may not be able to be accomplished depending on workload, although this does remain a priority for the Building and Safety Division.
- Decreased staff support to plan check, building inspection, and records and archives.
- Decreased staff support to the Neighborhood Improvement Task Force (NITF):
- Projected completion dates for plan review applications (minor and moderate projects) may be missed.
- Customer Service impacts include not having a Receptionist position in the lobby who answers phones (now phones go directly to voice mail) and provides directions and information for customers. There will also be an overall reduction in our ability to be responsive to requests for research and information from Council and residents.
- Decreased dedicated support to Plan SB and our ability to keep on schedule.
- Slow down in progress of new Staff Hearing Officer, Environmental Review, and Training Program (SET) with regard to training and procedures.
- Revisions to the Initial Study will be slowed down or put on a pending / inactive list.

(Program Nos. 2121, 2124)

### Mission Statement

Ensure that the Federal Community Development Block Grant (CDBG) and City General Fund Human Services programs meet the basic human needs of low-income individuals through non-profit human service agencies and the departments.

### Program Activities

- Coordinate City Human Services funding process and contracts.
- Administer the Federal Community Development Block Grant (CDBG) Program and various State, County, and local grant programs.
- Work with citizens, community groups, and City Council to establish sound policies for allocating Human Service funds among various social services agencies serving the community, as well as allocating CDBG funds, and meeting Federal requirements that benefit programs and projects for low and moderate-income persons.
- Provide Fair Housing Enforcement, including investigation of reported cases of housing discrimination.

### Key Objectives for Fiscal Year 2010

- Expend 95% of committed Human Services funds within the program year funds were committed.
- Ensure that less than 2% of all applicants appeal the Committee recommendations to the City Council by providing staff support to the Community Development/Human Services Committee and applicants in the annual process of recommending funding commitments.
- Develop, with public input, the Consolidated Annual Performance Evaluation (CAPER) and submit to HUD by September 30, 2009.
- Develop, with public input, the Annual Consolidated Plan and submit to HUD by May 15, 2010.
- Comply with all federal CDBG regulations and deadlines, including submittal, documentation, and record keeping regarding administration of CDBG funds.
- Implement and track progress on *Council Subcommittee on Homelessness and Community Relations* recommendations.
- Provide support to the City's effort to oppose Federal proposals to major changes and cuts to the CDBG Program.

## Redevelopment Agency

(Program Nos. 2125, 2126, 2611, 2711)

### Mission Statement

Revitalize the Project Area by eliminating the physical and economic conditions of blight through public and private partnerships in an effort to create an economically vibrant and environmentally balanced Project Area for all residents.

### Program Activities

- The Redevelopment Agency is governed by City Councilmembers sitting as the Redevelopment Agency Board, a separate distinct legal entity.
- The Redevelopment Agency receives incremental property tax revenues generated by the Agency's revitalization projects and finances redevelopment activity by issuing bonds that are repaid solely by these tax increment revenues.
- By implementing the Central City Redevelopment Plan, the Redevelopment Agency strives to maintain the Downtown area as the principal center of commerce for Santa Barbara's South Coast region and to enhance the Downtown area as the cultural and entertainment center for the County's South Coast Region.
- By implementing these goals, the Redevelopment Agency stimulates new job opportunities, as well as new cultural, retail, recreational, and housing activities in our city.

### Key Objectives for Fiscal Year 2010

- Complete 75% of Agency-budgeted Capital Improvement Projects without exceeding the original budget by more than 10%.
- Ensure that 100% of Redevelopment Agency grant funds are spent on redevelopment-eligible activities and in compliance with grant agreements.
- 🌱 Ensure that 100% of RDA-sponsored capital projects incorporate environmentally responsible design and construction techniques including, but not limited to, the specification of recycled content building materials and construction debris recycling processes.
- Set aside at least 20% of Agency funds for Affordable Housing through the Housing Development and Preservation Program in compliance with State-mandated set-aside requirements.
- Update the Agency's Long Range Capital Improvement Program as part of the Fiscal Year 2011 budget process.
- Submit the State Controller's Annual Report by December 31, 2009, and comply with all applicable State rules, regulations, and reporting requirements.

Manage the development review process, including project environmental review and stakeholder involvement, in order to protect and preserve the City's resources and quality of life.

### Program Activities

- Provide support to City Council, Planning Commission, Architectural Board of Review, Historic Landmarks Commission, and Staff Hearing Officer.
- Review, analyze, and make recommendations on project proposals by private property owners and government agencies. Review takes place through all stages of development including pre-application, staff analysis, public hearings, plan check, construction, and future monitoring.
- Work with the Staff Hearing Office, Environmental Review, and Training (SET) Program staff to administer environmental review process in compliance with the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), when appropriate.
- Provide public information and permit services at the public counter and in phone calls and meetings with members of the public interested in projects.

### Key Objectives for Fiscal Year 2010

- Work with applicants to submit complete applications within the second 30-day review at least 70% of the time, in order to improve customer service and reduce workload.
- Encourage at least 50% of Planning Commission projects to receive a Pre-Application Review Team (PRT) review, in order to provide early advice to project proponents and minimize applications that cannot be supported.
- Ensure 80% Planning Commission and Staff Hearing Officer Staff Reports are submitted to the supervisor by the required review date.
- Implement process improvements that reduce the amount of time spent to review projects while maintaining the quality of the City and better managing staff workload, including updated procedures, additional training for new and existing staff, and clearer environmental analysis procedures.
- 🌱 Provide for continuing education for staff and the Planning Commission regarding Sustainability, Climate Change, Energy Conservation, etc., both for long term planning and individual projects.

(Program No. 2143)

### Mission Statement

Provide project review, permit issuance, and customer service for property owners, the development community, and internal customers to ensure a safely-built environment in accordance with State and local laws.

### Program Activities

- Review more than 2,000 engineering and architectural plans for compliance with State laws and ordinances including the California Building Code, State Title 24 Energy and Disabled Access Regulations, and health and safety codes.
- Issue more than 2,000 "over-the-counter" building permits each year for various minor projects.
- Review and prepare approximately 2,500 building permits each year.
- Prepare and maintain reference materials for public and staff use in both hard copy and electronic formats.
- Manage and maintain the permitting process and permit tracking software.
- Provide building code expertise, interpretation, and guidance for the architectural and engineering communities, as well as the general public and City staff for all types of construction-related issues.

### Key Objectives for Fiscal Year 2010

- Complete 70% of building permit Initial Reviews within the promised timelines.
- Complete 70% of building permit re-submittals within the promised timelines.
- Complete 75% of building permit revisions within the promised timelines.
- Meet with the local Architectural Association at least once per year to help foster open communication and identify places of concern and satisfaction.

## Finance

Provide financial guidance to City Council and departments and manage the City's financial operations.

### About Finance

The Finance Department is responsible for providing financial expertise and guidance to the City Council and departments, managing the City's daily financial operations, and maintaining the financial integrity of the City. The department's major functional areas include accounting, revenue management, budget, payroll, purchasing, and investment management. The department also administers one internal service fund: the Self-Insurance Trust Fund manages the City's insurance portfolio and self-insured workers' compensation program.

### Fiscal Year 2010 Budget Highlights

Two important efforts will occur in fiscal year 2010. The first is the implementation of an on-line utility payment system where customers can not only pay their monthly utility bill on-line with a credit card, but can also review their account activity and history. This project follows the recent implementation of a new utility billing system. The combination of these two systems will greatly enhance the quality of services provided to our customers.

The second is the initiation of an audit program to identify businesses within the City that are not in compliance with the City's transient occupancy (bed) tax and business license tax ordinances. The audit will focus on private properties that are used as vacation rentals.

### Response to Economic Crisis

#### Amount Needed to Balance

All General Fund departments were directed to cut their budgets and/or identify additional revenues for a combined total of \$7.4 million. The Finance Department's share of the \$7.4 million was approximately \$470,000. Note that, the Finance Department also includes the Self-Insurance Trust Fund. Since they are not part of the General Fund and therefore are not affected by the current economic downturn, the Self-Insurance Fund is not included in the discussion below.

#### Balancing Strategy

The Finance Department's strategy to close its \$470,000 budget gap includes both cuts in expenditures, including elimination of staff, as well as additional revenue from a new fee. Key elements of the strategy are discussed below.

#### New/Enhanced Revenues (\$100,000)

Effective July 1, a new fee of \$5 will be assessed on delinquent utility accounts. The City processes thousands of delinquency notices per year, and currently no penalties are assessed to deter delinquencies or to recover the costs associated with processing the delinquencies.

#### Reduction in Non-Personnel Costs (\$148,485)

- The ongoing revenue audit program performed by contract will be eliminated. These contracts cover the audit of payments of transient occupancy taxes from hotels, utility users' taxes from utility companies, and payment of sales taxes from the State Board of Equalization. This will generate \$78,900 in savings.
- Additionally, the bi-annual update to the City's cost allocation plan, used to calculate the recovery of costs by the General Fund for general administration (payroll, human resources, budgeting, etc.) by other City funds, will be eliminated. This will save \$40,000.
- Other reductions totaling \$17,085 are made to various expenditure line-item accounts, including travel, supplies, and training.

## Finance

### Balancing Strategy (cont'd)

#### Workforce Reductions and Re-Allocations (\$210,353)

- Two Vacant Full-Time Positions will be eliminated, saving \$156,885. One of the positions to be eliminated is a Senior Accountant position that provides general accounting and financial reporting support in the Accounting Division. The second position to be eliminated is an Administrative Specialist position, which is one of several in the Treasury Division that performs a variety of cashiering and revenue collection duties.
- In addition to the elimination of two positions, two employees have voluntarily agreed to a reduced work schedule that will generate savings of \$28,162 to the Department. One of the positions is in the Payroll Program, and the second is in the Revenue & Cash Management Program.
- We have also allocated an additional 12.5% of the Assistant Finance Director's salary and benefit costs (\$25,306) to the Solid Waste Fund, bringing the total allocated to 50%. This will align the allocation of costs with the amount of time spent managing that operation.

### Service Level Impacts

The reduction in contracted services for revenue audits, while considered a temporary measure, may result in an unquantifiable loss of revenue that may otherwise have been detected through these audit efforts. However, revenues will continue to be monitored by City staff for unusual payments or trends, and specific action will be taken as appropriate. These measures will not have any impacts to services.

The elimination of the contract for updating the cost allocation plan is also a temporary measure. Staff will update the plan at a "macro" level, which will establish an across-the-board adjustment to overhead charges.

As one of several administrative departments, the Finance Department's primary purpose is to provide finance-related services to other City operations. As such, the cuts in staffing will have a measurable impact on the Finance Department's level of services provided to other departments and, to a lesser extent, to external customers. Work assignments will have to be re-prioritized and some non-critical duties will receive less attention, while others may be discontinued indefinitely.

# DEPARTMENT SUMMARY

## Fire

Provide fire protection, emergency medical rescue and related life safety service to Santa Barbara's citizens and visitors.

### About Fire

The Fire Department is responsible for the protection of Santa Barbara from fire and a long list of natural and man-made catastrophes. The Fire Department has provided continuous, uninterrupted service for over 125 years.

Santa Barbara is served by eight fire stations and the City's firefighters respond to more than 7,000 emergency incidents each year.

Employees conduct over 3,000 fire inspections each year as part of the department's commitment to a fire safe community. Plan reviews and inspections of all new construction help ensure the future fire safety of Santa Barbara.

The department's specially trained Airport firefighters operate specifically designed equipment and protect the flying public at the Santa Barbara Airport.

### Fiscal Year 2010 Budget Highlights

Complete major seismic renovation to Fire Station #1, to include new City Emergency Operations Center.

Adopt progressive fire sprinkler requirements for new construction and major remodels.

Assist Tea Fire victims with their re-building process including comprehensive landscaping and fire resistive construction consultation services.

### Response to Economic Crisis

#### Amount Needed to Balance

The Fire Department's target (4.7% of the \$7.4 million dollar projected budget shortfall) was \$907,883. The corresponding adjustments to revenues and expenditures to meet this target only involved the General Fund.

#### Balancing Strategy

The Fire Department's strategy to generate savings of approximately \$908,000 includes both cuts in expenditures, as well as an increase in Mutual Aid revenue. Key elements of the strategy are as follows:

#### New/Enhanced Revenues (\$300,000)

Based on the last three years of invoices generated from off-district mutual aid responses (fiscal year 2007 - \$1,371,333; 2008 - \$2,069,187; 2009 projected - \$2,163,678) staff recommends acknowledgement of the steady increase in revenue. Assuming the current trends continue, the department can plan for a net increase in revenue from mutual aid responses (net proceeds over expenses) of an additional \$300,000 over the current revenue estimates.

#### Reductions in Non-Personnel Costs (\$62,426)

Reductions to non-personnel expenditure include a combination of strategies that include: a reduction in the number of reserve fire apparatus; a reduction in training expenses in Fire Administration and the Office of Emergency Services; and a reduction in vegetation management contract services, will generate \$62,426 in savings.

#### Workforce Reductions and Related Adjustments (\$511,363)

The following final measures are necessary in order to achieve the department's budget reduction target:

- Maintain the current vacancy in the relief Fire Captain rank (\$25,657)
- Reduce overtime for minimum staffing (\$121,710) - This reduction is possible due to 3 year track record of continued reductions in sick leave use
- Reduce funding for hourly positions in Fire Administration and the Office of Emergency Services (\$31,875)

### Balancing Strategy (cont'd)

- Eliminate Office Specialist II position (\$62,832). This position was restored to the budget until a planned retirement in February 2010 as a result of negotiated labor concessions designed to avoid layoffs.
- Eliminate Public Education Coordinator position (\$98,015)
- Eliminate 5 "relief" positions (2 Captains/3 Engineers), generating a net savings of \$125,000 (salary of relief positions less overtime costs incurred).
- Savings from interim department management strategy (\$109,106) - Due to a current vacancy in the Fire Chief position, salary savings will be realized in the first half of the fiscal year.

### Service Level Impacts

Of all the budget reduction strategies listed, only two affect customer service. The elimination of the Office Specialist in February 2010 will transfer additional duties to the remaining office staff resulting in slower processing times for public records requests, purchase orders, and vendor payments

The other impact to customer service will be the elimination of the Public Education Coordinator position. Currently this position is responsible for the delivery of CERT classes; public education sessions for senior citizens and public outreach events; Office of Emergency Services web-site maintenance; coordination of the Fire Safety House program for the elementary schools; and on-going assistance to the Emergency Services Manager. The department plans to re-assign the public education programs for elementary schools to Fire Prevention staff and engine company crew members. The remaining listed staff assignments will be discontinued.

## Administration

(Program No. 3111)

### Mission Statement

Provide leadership, policy direction, and administrative support to the entire department.

### Program Activities

- Provide administrative direction, short/long range planning, and support for the entire department.
- Prepare department payroll, personnel actions, purchasing requisitions, and correspondence.
- Manage department computer and telecommunications networks.
- Manage department budget preparation and monitor department expenditures and revenues.
- Develop and maintain highly collaborative inter-governmental agreements with emergency response agencies within the County.

### Key Objectives for Fiscal Year 2010

- Ensure that 80% of the department's program objectives are accomplished.
- Stabilize time lost due to injury at 3,000 or fewer hours.
- Submit 90% of invoices to the Forest Service within 15 working days of completion of mutual aid assignment.
- 🌿 Provide departmental oversight and direction during the completion of the Fire Station 1/Emergency Operations Center Project, including LEED Certification elements.
- Develop and institute liaison assignments for all Battalion Chief positions to include: 1) Wildland fire operations; 2) Waterfront emergency operations; 3) ARFF operations and 4) Dispatch/C.A.D. operations.
- 🌿 Place into service 3 new hybrid staff vehicles, replacing 3 gas only vehicles.
- Implement a new Public Information Officer program, designed to deliver daily/weekly media news updates.

(Program No. 3112)

### Mission Statement

Ensure the City is ready and able to mitigate, prepare for, respond to and recover from the effects of major emergencies that threaten lives, property, and the environment.

The Office of Emergency Services accomplishes this mission through comprehensive safety education programs for the public, training City employees regarding their Disaster Service Worker roles and responsibilities, and inter-agency coordination activities that assist in the City's emergency management efforts.

### Program Activities

- Provide a variety of safety programs with age appropriate curriculums to school age children.
- Target safety education to identified high-risk populations, including seniors, children, Spanish-speakers, and persons with disabilities.
- Collaborate with other emergency service providers to disseminate comprehensive life safety information to the community.
- Provide business owners with the latest fire prevention and disaster mitigation information.
- Update and maintain the City's Emergency Operations Plan.
- Deliver targeted disaster management training to all City employees.
- Provide focused training for all aspects of Emergency Operations Center staff.

### Key Objectives for Fiscal Year 2010

- Conduct standardized Emergency Management System (SEMS) and National Incident Management System (NIMS) basic training for all attendees of the City's Orientation program.
- Ensure quarterly workshop sessions for Emergency Operations Center (EOC) Staff.
- Ensure participation of City schools in the 3<sup>rd</sup> grade Fire Safety House Program.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Assist 3 City departments with revising and developing Standard Operating Procedures (SOP) for emergency response.
- Conduct 3 Disaster Service Worker LEAP classes for City Employees.
- Develop, plan and deliver 1 table top exercise and 1 functional exercise annually.
- Complete planning for full-scale disaster exercise in 2010.

## Library

Provide information services, reading materials, and educational resources to residents of all ages from the Santa Ynez Valley to Carpinteria.

### About the Library

The Library Department is responsible for providing a full range of contemporary library services to over 225,000 residents of southern Santa Barbara County. The largest components of the department are areas of public service at the Central and branch libraries, including circulation, reference, youth services, periodicals, and reserve materials.

Additional activities include an adult literacy program, interlibrary loan, acquisition of materials in a variety of formats, cataloging and processing of collection materials, delivery of supplies and materials throughout the library system, oversight of the library's automation system, public access computers, website, and maintenance and repair of library facilities.

The Carpinteria, Montecito and Solvang branch libraries are owned and funded by the County of Santa Barbara and administered under an agreement with the City. The Goleta Branch Library is owned by the City of Goleta, receives funding from the City of Goleta and the County of Santa Barbara and is administered under an agreement with the City.

### Fiscal Year 2010 Budget Highlights

Library programs, staffing, collections and services will be adjusted to account for the reduced funding levels for FY10.

Donations from individuals, Friends of the Library groups, grants and partnerships with other organizations and libraries will allow the Santa Barbara Public Library System to emphasize youth literacy with outreach to schools, cultural programs and homework help for students. Programs such as Reach Out and Read, Reading is Fundamental and Early Learning with Families encourage the acquisition of literacy skills and foster the love of reading.

The Library will continue its partnership with the Junior League of Santa Barbara to improve youth literacy through enhancing children's programming at the Central and Eastside libraries.

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The Library Department's share was \$454,808. These adjustments affect only the General Fund. The County Library Fund which supports the Carpinteria, Goleta, Montecito and Solvang libraries is not included in these adjustments.

#### Balancing Strategy

The Library Department's strategy to generate savings of \$454,808 includes both cuts in expenditures, including elimination of positions and some increased fees. A projected decrease in some library revenues of approximately \$50,000 requires additional reductions to meet the target. Note that three positions, totaling \$212,931, were restored to the budget as a result of negotiated labor concessions designed to avoid layoffs. Key elements of the balancing strategy are described below.

#### New/Enhanced Revenues (\$5,000)

Increases in meeting room and art gallery exhibit space rental fees are expected to generate approximately \$2,000. Increases in fees for lost or unreturned materials, for out-of-service-area Inter-library loans and a new fee for research requests for obituaries are expected to generate an additional \$3,000.

#### Reduction in Non-Personnel Costs (\$103,000)

The library's materials budget, including books, DVDs, music CDs, books on CD, downloadable audiobooks and online databases will continue at a substantially reduced level. Reductions in supplies and services will include travel and other miscellaneous expenditures; savings in utilities costs due to reduced open hours; and savings in maintenance, replacement and vehicle fuel costs due to elimination of bookmobile and one van.

### Balancing Strategy (cont'd)

#### Workforce Reductions (\$330,271)

Most was achieved through expenditure reductions, including \$330,271 from the elimination of five (5) positions, only two of which are vacant. Below are the positions being eliminated, after three positions, totaling \$212,931 (net), were restored to the budget as a result of negotiated labor concessions designed to avoid layoffs.

<u>Classification</u>	<u>Savings</u>
Custodian	58,334
Librarian II (vacant)	78,100
Librarian II (vacant)	78,100
Library Assistant II	57,179
Library Assistant I	58,558
Total	<u>\$ 330,271</u>

### Service Level Impacts

The loss of five full time positions at the Central Library will result in a reduction of direct service to the public in a number of areas, most notably in delays in getting requested materials to users and reduced timeliness in response to requests for staff assistance.

The loss of two professional Librarian positions means a reduction in direct service by reference librarians to the public. Paraprofessional staff will assist library patrons at the reference desk for most of the library's open hours. Librarians will provide fewer adult programs and will reduce outreach to the community. Tasks requiring professional attention such as book selection, other collection maintenance activities and training will be accomplished in a less timely manner.

Regular Bookmobile service will be discontinued. Outreach services to state subsidized pre-schools and after school programs for low income children and families will continue in a reduced capacity through Youth Services.

## Mayor and City Council

Establish policy, approve programs, and oversee the financial affairs of the City to govern the City of Santa Barbara.

### About Mayor and City Council

The Office of the Mayor and six City Councilmembers comprise the City Council. The Mayor presides over the City Council meetings held weekly in open public session in the Council Chamber.

The seven-member governmental body serves the City at large. Its duties under the City Charter include approval of the Annual Budget and oversight of the financial affairs of the City. The Mayor and City Councilmembers appoint the City Administrator and the City Attorney. The City Council has the power to adopt ordinances and resolutions; make appointments to advisory boards and commissions; establish policy and approve programs; act on program and administrative recommendations of City staff; appropriate funds and approve contracts; and respond to concerns and needs of residents.

The Mayor and Councilmembers serve as the Board Members of the Redevelopment Agency. Individually, Councilmembers may represent the City by serving on state and regional boards and local civic organizations.

Staff to the Mayor and City Councilmembers assist in responding to numerous calls and letters from citizens each week, including conducting research and drafting responses.

The Mayor and City Council oversee and evaluate the programs and accomplishments of departments.

### Fiscal Year 2010 Budget Highlights

The Mayor and Council will oversee the:

- General Plan update;
- Airport terminal remodel;
- Sustainable Santa Barbara Program;
- Continuing support for the youth of the community;
- City's capital and transportation needs and funding options; and
- Adoption of the City's budget

## Mayor and City Council

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The Mayor and Council's Office prepared a budget that meets their respective share of the \$7.4 million citywide adjustment amount by reducing costs by approximately \$84,000.

#### Balancing Strategy

##### Reduction in Non-Personnel Costs (\$83,614)

To prepare a balanced budget, the budget for meeting and travel and interns for the Mayor and each Councilmember was reduced by over \$66,000, reflecting a 75% decline in costs in this area. Dues and memberships were reduced by over \$14,000. The remaining balance of \$4,000 involved significant reductions to special supplies, printing, publications, and Sister City Committee costs.

#### Service Level Impacts

The adopted budget consists primarily of salary and benefit costs for the Mayor and Council and two administrative support staff. The budget reductions will not significantly impact service levels to the public. The lower meeting and travel budget may reduce the city's involvement and representation in state and national discussions for local government leaders.

## Non-Departmental

### About Non-Departmental

The Non-Departmental “department” is used to account for costs not directly related to any specific department. It consists of two programs: the General Government program and the Community Promotions program.

The General Government program includes funding for debt service on General Fund long-term debt, the General Fund capital program and the appropriated reserves established each year pursuant to City reserve policies.

The Community Promotions program includes funding for a number of non-profit organizations in the City that coordinate festivals and events during the peak visitor season during the summer, including Fiesta, the Fourth of July fireworks show, the Spirit of '76 Parade, Semana Nautica Sports Festival, Summer Solstice Celebration, and many others.

The City also provides funding to the Santa Barbara Conference and Visitor's Bureau (SBCVB) to support their marketing efforts designed to attract visitors to the South Coast and funding to the Chamber of Commerce Visitors' Information Center located on Garden Street at Cabrillo Boulevard.

# DEPARTMENT SUMMARY

## Parks and Recreation

Provide residents and visitors with diverse open space, parks, beaches and community forest resources, creek restoration and water quality enhancements and enrich people's lives through a broad array of recreation and community services.

### About Parks and Recreation

The Parks and Recreation Department is comprised of 5 divisions: Administration, Parks, Recreation, Creeks and Golf. The Department manages a diverse and unique park and recreation system – 1,765 acres of parkland encompassing 59 developed and open space parks, beaches, recreation and sports facilities, community forest and municipal golf course.

Recreation programs engage people of all ages, with specialized programs for youth, teens, active adults, low-income families and people living with disabilities. Recreation opportunities for the community are enhanced through collaborations, partnerships and volunteers.

The Creeks Restoration and Water Quality Improvement Program, funded by Measure B, implements clean water and restoration projects city-wide.

The City's 18-hole municipal golf course, Santa Barbara Golf Club, is well known for the exceptional quality of its greens and spectacular views.

### Fiscal Year 2010 Budget Highlights

Manage department programs and services through challenging fiscal times to protect park and recreation resources, offer accessible, high quality recreation programs and respond to community priorities.

Work with City Administration and the community to improve how the City provides outreach and services to underserved neighborhoods and strengthen outcomes for youth and families.

Develop and implement a strategic plan to increase fundraising, grants and donations to support department programs and projects.

Construct the Upper Las Positas Restoration and Storm Water Management Project at the Santa Barbara Golf Club.

Provide leadership in the implementation of the multi-jurisdictional Front Country Trails Management Recommendations to address trail use, maintenance, and management.

Develop and begin implementation of the Parma Park Rehabilitation and Restoration Plan.

### Response to Economic Crisis

#### Amount Needed to Balance

General Fund departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. Of this total, the Parks & Recreation Department's share was almost \$1.5 million, which directly affects three of the Department's five divisions - Parks, Recreation and Administration. The Golf Course and Creeks Program do not receive General Fund support.

Additionally, as part of the City's overall balancing strategy, the cost for beach lifeguard services and responsibility for servicing the Dolphin Fountain, and the Wharf, Leadbetter and Garden Street restrooms are shifted to the Waterfront Department (\$143,983). The Downtown Organization State Street Maintenance Contract is shifted to Downtown Parking (\$312,621). Net reduction to the Parks and Recreation General Fund subsidy will be an additional \$456,604.

#### Balancing Strategy

The Department applied the following priorities in developing the budget: (1) Keep parks safe, clean and green; (2) Keep the doors open on park and recreation facilities; (3) Maintain a high service quality; (4) Consider community priorities; and (5) Position the Department for success now and in the future.

The reduction was achieved through creative use of existing resources, identification of new revenues, workforce reductions, and reorganization of operations to improve service delivery, shifting certain General Fund expenditures to non-General Fund programs, and a reduction or elimination of programs or services.

#### New/Enhanced Revenues (\$63,244)

Although the adopted budget includes some reduced revenues corresponding to decreased participation in programs, several revenue sources increase overall revenue by \$63,244. Increased revenues derive mostly from new recreation programs, new or increased park and facility fees, and reimbursement of costs relating to capital, street sweeping, and Parma Park Trust.

# DEPARTMENT SUMMARY

## Parks and Recreation

### Balancing Strategy (cont'd)

#### Reduction in Non-Personnel Costs (\$459,506)

Reductions in contracted work, equipment, supplies and services, training and travel, vehicles, and special projects occur throughout all three Divisions. Examples include:

- Nine computer work stations and several vehicles deleted.
- Contract work to support Integrated Pest Management (IPM) eliminated and Vegetative Fuels Management reduced.
- Lower Westside Center lease terminated.
- Downtown Organization State Street maintenance contract reduced, affecting sidewalk cleaning services.

Workforce Reductions and Re-Allocations (\$962,707) - The adopted FY 2010 budget includes the elimination of twelve positions, representing 10.4 full time equivalents (FTE) and a reduction of 16,871 hours in seasonal staff, for a total workforce impact of 18.6 FTEs, as shown below.

	PERMANENT		HOURLY		TOTAL FTE's
	Positions	FTE's	Hours	FTE's	
Parks	4	4	1,368*	0.7	4.7
Recreation	7**	5.4	14,693	7.1	12.5
Administration	1	1	810	0.4	1.4
<b>TOTAL</b>	<b>12</b>	<b>10.4</b>	<b>16,871</b>	<b>8.2</b>	<b>18.6</b>

\* Not including 1,918 hours restroom maintenance shifted to Waterfront.

\*\* Should Recreation revenues decline more than anticipated, 2 additional positions have been identified for elimination effective September 2009.

Other cost-cutting measures include:

- Recreation Division reorganized from 9 program sections to 4 primary work units; 50% of a Recreation Manager dedicated to Fund Development to generate new revenue.
- Certain General Fund salary assigned to Non-General Fund programs, reflective of actual work performance; including a portion of Assistant Director, Associate Planner, Park Project Planner, and Office Specialist.

## Parks and Recreation

### SERVICE LEVEL IMPACTS

#### Parks

- General Maintenance Service Levels reduced year-round at 12 parks; mowing schedule in 18 parks switched from a weekly to a bi-weekly schedule.
- Seasonal and weekend services reduced throughout the park system.
- Vegetative fuels program reduced by 50% in 7 open space parks and limited to defensible space only.
- Elimination of IPM Improvement Project funding that supports the City's IPM objectives, reduces pesticide use and beautifies City parks.
- 40% reduction in pruning and maintenance of park and facility trees.

#### Recreation

- NEW: Neighborhood and Outreach Services will focus resources on programs and outreach services for underserved youth, families and neighborhoods.
- Lower Westside Center to close; 1235 Teen Center to close on Saturdays (low use).
- Oak Park Wading Pool to remain closed (7,600 users); Recreation Swim at Ortega Pool cancelled (4,200 users); Los Baños to close on Sundays (30-35 users).
- Senior Tour program cancelled, 70-100 seniors;
- Fun on the Run mobile recreation, adapted recreation programs, and Summer Concerts in the Parks suspended until fund raising can support programs.
- Teen Haunted House cancelled; teen dances reduced from 10 to 3; Youth Council meetings reduced from twice to once a month;
- Skate Park monitoring eliminated except for youth-only Saturday morning hours;
- Free Summer Fun Drop-In Program for low income youth reduced from 4 to 3 locations.

#### Administration

- Park and recreation facility improvement projects delayed.
- Reception desk to close 1 hour earlier, from 6:00 p.m. to 5:00 p.m.

## Business Services

(Program No. 6815)

### Mission Statement

Manage the Department's financial process for budget, revenue, capital improvement projects, contracts, leases, grants, marketing and communications, and customer service to assist staff in effectively and efficiently serving the public.

### Program Activities

- Oversee the Department's financial business for budget, revenue, contracts, leases, grants, and capital improvement projects.
- Provide marketing and design services that allow the public to easily access Department information through print, broadcast, and electronic medium.
- Manage the Santa Barbara Golf Club professional and food concession contracts.
- Provide financial analysis and produce a variety of reports for the Department staff which depict the financial status of the Department, both monthly and annually.
- Manage the technology system in the Department, through liaison with the Information Systems Division, and coordinate implementation and training as technological applications broaden in the Department.

### Key Objectives for Fiscal Year 2010

- Provide a monthly report on expenditure and revenue budget projections to Department Managers.
- Increase the number of registrations completed on the Internet by 5% over FY 09 (from 1,900 to 1,995).
- Maintain level of recreation registrations (tracked by the CLASS software) at 10,000 in FY 10, through marketing and innovative promotional efforts.
- Process 90% of facility rental applications, received via mail, fax, or e-mail, in 3 working days or less.
- Process 95% of facility rental applications while customer is present.
- Utilize the Recreation Marketing Committee to initiate various media campaigns to increase recreation program visibility and increase program participation.
- Enhance communication and marketing for the Santa Barbara Golf Club using billboard, website and pro shop flyers to increase use by golfers.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Ensure compliance on Department contracts by maintaining a contract and agreement tracking system for insurance certificates, terms of contracts and renewals, and distributing reports to staff quarterly.
- Utilize social networking websites (FaceBook, MySpace etc) to promote recreation programs.

## Recreation Program Management

(Program No. 6111)

### Mission Statement

Manage Recreation Division resources and foster collaborations to provide high quality and diverse recreation activities that enrich people's lives and promote healthy lifestyles.

### Program Activities

- Provide administrative oversight to the Recreation Division, including budget and facility management, planning, day-to-day operations, program development and evaluation, and customer service.
- Develop and administer a wide variety of structured recreation programs.
- Facilitate sponsorship and partnership agreements with community organizations to enhance public recreation opportunities.
- Manage revenues produced from activity fees, facility rentals, grants and partnerships.
- Provide training for the successful integration of individuals with disabilities into department programs.
- Facilitate sports and social recreation activities specifically adapted for children and adults with developmental and physical disabilities.

### Key Objectives for Fiscal Year 2010

- Manage Division programs to achieve 75% of performance objectives.
- Maintain expenditure recovery through user fee revenue at 49% for Recreation Division.
- Negotiate and complete 20 annual co-sponsorship agreements to enhance recreation opportunities.
- Achieve a minimum of 38,000 volunteer hours to supplement City Resources.
- Work with community leaders on the South Coast Gang Task Force to develop and implement a strategic plan to reduce youth violence and improve outcomes for youth and families.
- Develop and implement a strategic plan to increase fundraising, grants and donations to support department programs and projects by January 2010.

### RECENT PROGRAM ACHIEVEMENTS

Implemented a one-stop permitting process for photo and film/video shoots. This process is more customer friendly since customers only need to go to one City Department versus three with the prior system.

## Facilities and Special Events

(Program No. 6121)

### Mission Statement

Provide good, responsive customer service and quality indoor and outdoor rental facilities for private events, public special events or photo/film shoots.

### Program Activities

- Provide customer reception and services at department administrative office, and serve as primary source of information on department programs and services to the public.
- Promote public use of City parks, beaches, open space, and other venues through facility reservations services and event coordination.
- Protect the integrity of public space by informing the public of rules and guidelines for use and by monitoring activities.
- Through the one-stop permitting process, provide quick and responsive service to customers conducting commercial still photography and film/video shoots within the City of Santa Barbara and maintain necessary communications with other affected City Departments.
- Provide the public with opportunities to gain cultural awareness by co-sponsoring the Oak Park festivals and similar community events.

### Key Objectives for Fiscal Year 2010

- Maintain wedding ceremonies booked in City parks or beaches at 130.
- Maintain 50 outdoor rental permits at Chase Palm Park.
- Achieve 95% "good" to "excellent" rating from public special events for "customer overall satisfaction" with their facility rental experience.
- Work with community organizations to facilitate 85 public special events held in park facilities.
- Achieve 85% "good" to "excellent" rating from photo/film shoots on the new one-stop permitting process compared to the old method of contacting City Departments individually.
- Plan and coordinate City-sponsored major special events (Fiesta, Summer Solstice, Oak Park Ethnic Festivals and 4<sup>th</sup> of July).
- 🌱 Work with the City's Mobility Coordinator, Santa Barbara Bicycle Coalition and other alternative transportation agencies to develop strategies that event organizers can use to encourage the public to use alternative means of transportation to public events. Goal will be to revise the Special Events Guide and Application to include information on how to put these strategies into practice.

# DEPARTMENT SUMMARY

---

## Police

Operating under a community-oriented policing philosophy, create and maintain a safe community where people can live in peace without the fear of crime.

### About Police

The Police Department is responsible for providing law enforcement services to the City of Santa Barbara. Working in partnership with the community, quality and professional law enforcement services are provided in a fair and efficient manner.

The Patrol Division provides police services to the community that includes 24-hour patrol response to calls for service, traffic enforcement, gang suppression, crisis response teams and restorative policing services for the homeless and mentally ill.

The Investigative Division conducts follow-up investigations from initial crime reports that include crimes against persons, property, narcotics, gangs, schools, and forensic investigations.

The Administrative Services Division provides support services to the entire organization. These services include training and recruitment, information technology, records, evidence management, crime analysis, animal control, fleet management, community policing, permits and management of police facilities.

Our motto "Dedicated to Serve" captures our commitment to ensure a safe and secure place for people to live, work and enjoy our community.

### Fiscal Year 2010 Budget Highlights

The Santa Barbara Police Department's primary mission is the protection of life and property, the prevention of crime, and the regulation of traffic. The department responds to over 30,000 calls for service each year. FBI Uniform Crime Reporting Part One Crimes decreased 5% from 2006 to 2007.

The department continues its community-oriented policing philosophy with programs that include "Restorative Policing" for mental illness, "Drug Abuse Resistance Education (D.A.R.E.)" in our elementary schools, and the Police Activities League (PAL) serving over 1,000 children.

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The Police Department's share of the \$7.4 million was approximately \$1.6 million. These adjustments primarily affect the General Fund.

#### Balancing Strategy

The Police Department's strategy to generate savings of \$1.6 million includes both cuts in expenditures, including elimination of staff, and increases in revenue. Additionally, the Santa Barbara Police Department is seeking grant funding to offset position eliminations. A key component of the balancing strategy was to preserve police officer strength at its current level of 140 sworn police officers. This has been accomplished.

#### New/Enhanced Revenues \$1,315,500

The Police Department is programming increases in Parking Citation Fees \$300,000, Vehicle Release Fees \$275,000, and Dog Licensing Fees \$25,000. The fee increases were made to align these fees with those charged by regional agencies providing similar services. In addition, the Police Department is seeking Federal Grant funding (\$715,500) recently made available through the Recovery Act. This funding is earmarked for sworn police officer positions only.

#### Reduction in Non-Personnel Costs (\$120,600)

Cell phone allotment will be reduced by (\$26,900) and training will be reduced by (\$22,000). In addition, the Police Department made cuts in advertising (\$10,000), rent (\$39,000), equipment rental (\$11,000), and duplicating (\$11,700).

#### Workforce Reductions (\$586,345)

Workforce reductions include the elimination of three non-sworn positions effective July 1, 2009 – a Network Technician, an Animal Control Officer, and a Records Specialist – generating a total of \$198,000 in savings.

Three additional non-sworn positions will be eliminated at different times during the year based on the anticipated retirements of the individuals currently filling the positions, including a Range Master, a Records Manager, and an Animal Control Supervisor.

## Police

### **Balancing Strategy (cont'd)**

The elimination of these positions upon retirement is expected to save \$168,000.

The Police Records Manager position was restored to the budget, at a cost of \$83,455, as a result of negotiated labor concessions designed to avoid layoffs.

The Crossing Guard program is scheduled to be eliminated, saving \$112,000.

Although the total number of sworn police officer positions (140) is remaining unchanged, a Field Sergeant and the Investigative Lieutenant position is being converted into a line level Police Officer position, saving (\$191,800)

### **Service Level Impacts**

The current balancing strategy of raising revenues and cutting costs includes the elimination of several positions. Grant funding is being sought to offset the need to make any cuts in sworn police officer strength. To this end, no police officer positions are being eliminated. The workload associated with the downgraded positions (Lieutenant and Sergeant), will be distributed among existing staff, to include the Investigative Captain and field supervisor positions.

Of the cuts that are occurring in non-police officer positions, the workload is being redistributed among existing staff. For example, the duties of the Range Master will be assumed by our current rifle instructors, patrol sergeants, and crime lab technicians. The workload associated with the Network Technician position and Records Specialist will be absorbed by existing staff in Information Technology and the Records Bureau. The above positions are primarily administrative, which provide internal service to the department and to a lesser extent, the external customer. Therefore, no specific service cuts to the public are earmarked as a result of these position losses; however, response times for non-critical internal service requests will likely increase a small degree.

The duties of the Animal Control Supervisor position will be redistributed to the Administrative Service Sergeant. As the loss of this position will occur near the end of the fiscal year, loss of service to the public will be minimal. It is anticipated that this position will be reclassified into an Animal Control Officer lead position in fiscal year 2011 and the supervisory responsibilities will continue with the Administrative Services Sergeant.

## RECENT PROGRAM ACHIEVEMENTS

Investigative Division completed a yearlong gang investigation in which 227 arrests were for gang-related crimes, including Federal and State charges.

## Investigative Division

(Program No. 3431)

### Mission Statement

Investigate or resolve all active assigned criminal cases, including high tech crimes, to a successful conclusion or until all leads are exhausted.

### Program Activities

- Investigate active, unsolved criminal cases.
- Serve as a liaison with the District Attorney to ensure successful prosecution of criminal offenders.
- Serve as a liaison with community based organizations and outside law enforcement agencies.
- Proactively investigate narcotic violations.
- Extradite fugitives and transport wanted subjects back to Santa Barbara County for prosecution.

### Key Objectives for Fiscal Year 2010

- Achieve a 20% clearance rate by arrest, warrant, or DA complaint for all assigned cases.
- Complete 85% of cases within 90 days following the date assigned to investigator.
- Complete 80% of District Attorney follow-up requests assigned to the Investigative Division by due date.
- Complete 80% of Computer Forensic Examinations within 60 days following the date assigned to investigator.
- Update the High Tech Crime Lab program by purchasing hardware and software, and training of HTC personnel.
- Develop and implement a system to expand the Serious Habitual Offender Program (SHO) that will steer youths away from violence. The program will identify "at risk youths" and personnel will then intervene before the "at risk youths" meet the criteria for the SHO program. The term "at risk youths" includes youths who are criminal offenders approaching the status of Serious Habitual Offender (SHO) and those youths who are in danger of becoming active gang participants.
- Establish a protocol to insure each of the historical homicide investigations (currently 26 homicides) are continually and thoroughly reviewed, investigated and memorialized.

## RECENT PROGRAM ACHIEVEMENTS

The crime lab has absorbed the Investigative Bureau's Hi-Tech Lab and is now providing forensic analysis of electronic evidence, (i.e. computers & hand-held devices).

## Crime Lab

(Program No. 3432)

### Mission Statement

Collect and process forensic evidence to assist in criminal investigations and conduct accuracy testing and calibration of department breathalyzers.

### Program Activities

- Respond to crime scenes to identify, document, collect, and preserve physical evidence for future examinations.
- Examine and analyze evidence in the laboratory, including the identification of suspected controlled, trace evidence (i.e. hairs, fibers, physiological fluids), and the evaluation of various types of physical evidence.
- Perform various photographic assignments, including maintaining the digital image archive of crime scene photos, and perform departmental photographic work, including developing and printing a variety of films used for evidence and court displays.
- Process evidence for latent fingerprints, examine latent fingerprints and conduct fingerprint comparisons.
- Attend autopsies in criminal cases for evidence collection, documentation and evaluation.
- Examine evidence to determine if further forensic analysis is required by forensic scientists at the Department of Justice (DOJ) or Federal Bureau of Investigations (FBI). These include: serology, DNA, hair and fiber comparisons, footwear and tire track exams, ballistics, and document examinations.
- Prepare reports that document crime scenes and results of evidence examinations.
- Provide expert testimony in court regarding the examinations and evaluations performed.
- Complete weekly testing & calibration of Drager E-PAS devices.

### Key Objectives for Fiscal Year 2010

- Process 95% of photographic evidence submitted by Crime Scene Investigators and Detectives within 4 working days.
- Submit 95% of all CAL-ID quality latent fingerprints to Department of Justice within 4 working days.
- Ensure 95% of evidence processing requests by investigators and District Attorney's office be completed within 4 working days.

## Key Objectives for Fiscal Year 2010 (cont'd)

- o Ensure that 95% of the Drager E-PAS intoxillizer devices successfully pass accuracy testing and calibration to meet Title 17 requirements.

### ➤ Animal Control

## RECENT PROGRAM ACHIEVEMENTS

Providing the best possible Animal Control services to Santa Barbara citizens.

## Animal Control

(Program No. 3461)

### Mission Statement

Provide law enforcement and respond to calls for service for neighborhood and health concerns related to domestic and wild animals.

### Program Activities

- Investigate reports of possible rabies exposure from animal bites to humans and wildlife bites to domestic owned animals.
- Quarantine animals as required or submit specimen for lab testing.
- Enforce State Humane Laws under the Penal Code, California Code of Regulations, Civil Code, Fish and Game Code, Food and Agriculture Code, Health and Safety Code, Government Code, and Title 6 of the Santa Barbara Municipal Code.
- Impound stray, abused, neglected, injured, sick, abandoned, dead, or aggressive animals.
- Deal patiently and effectively with frightened, fractious, and injured animals with the ability to humanely capture, control, carry, or subdue.
- Respond to calls for service regarding animal complaints seven days a week and provide standby service for emergencies after regular work hours.
- Promote good public relations by educating pet owners on laws pertaining to the care and control of animals, spaying, neutering, vaccinating, and licensing of pets.

### Key Objectives for Fiscal Year 2010

- Respond to 100% of all animal control calls within 24 hours.
- Quarantine 95% of animals involved in bites to humans or contact with wildlife.
- Ensure 100% of impounded animals are handled in accordance with state laws.
- Continue to research, design or adopt and implement new computer system to replace existing Animal Control RMS system.

# DEPARTMENT SUMMARY

## Public Works

Provide for the public's needs relative to transportation, water, wastewater, capital construction, and refuse collection services.

### About Public Works

The Public Works Department is responsible for an annual budget of over \$ 92 million, representing approximately 45% of the City of Santa Barbara's total budget, and the department's 292 permanent positions represent approximately 27% of the city's total permanent work force. Public Works programs generate approximately \$ 85 million in revenue from a variety of sources to offset expenditures. The department organization supports 28 city programs.

Public Works responsibilities include the design and construction of the city's capital program projects, management and planning of a city transportation system, treatment and reliable distribution of high quality water at a reasonable price, collection and treatment of wastewater at a reasonable price, and cost effective construction and maintenance of city streets, public drainage facilities, street lights, traffic signals and other city infrastructure facilities.

### Fiscal Year 2010 Budget Highlights

- Phase III, Ozonization Project at Cater Water Treatment Facility to meet Federal Regulations
- Continue major bridge replacement projects along Mission Creek at Cabrillo Boulevard and Haley Street.
- Reactivate Hydroelectric Plant at Lauro Reservoir to supply Cater Water Treatment Plant.

While the main office for Public Works is located at 630 Garden Street, the department is also responsible for operating the city's El Estero Wastewater Treatment Facility on Yanonali Street and the Cater Water Treatment Facility on San Roque Road, which provide basic water and sewer service to over 100,000 customers.

### Response to Economic Crisis

#### Amount Needed to Balance

All departments were directed to cut their budgets and/or identify additional revenues totaling \$7.4 million. The Public Works Department's share of the \$7.4 million was \$720,805. These adjustments only affect the General Fund in Public Works. Additionally, the Public Works Department Intra-City Service (ICS) Fund was directed to reduce rates from the General Fund Department's by 7% from the Fiscal Year 2009 rates, and this resulted in a reduction to the ICS programs of Building Maintenance, Vehicle Maintenance, Communications, and Custodial Services, of \$495,541.

#### Balancing Strategy

The Public Works Department's strategy to generate these annual savings includes both a cut in expenditures, reduction, and reassignment of staff, as well as an increase in estimated revenue from the Engineering Services Division work on Capital Projects. Key elements of the strategy by Fund are discussed below.

#### General Fund:

##### New/Enhanced Revenues (\$230,000)

The Department's revenue consists essentially of two sources. The largest, Engineering Work Orders, results from engineering charges to design and provide construction or consultant contract monitoring for the City's Capital Program Projects. This is estimated to provide \$315,000 over the estimated actual for fiscal year 2009. This was accomplished by assigning two staff engineers from non-billable positions formerly in the Land Development program and the normal anticipated annual increase to CPI changes.

The other major revenue source is from the Public Works Engineering fee resolution which, although fees were increased for fiscal year 2010 by 4%, has been reduced by \$85,000 due to a decreased level of activity in the Land Development function citywide.

The net increase of the two revenue adjustments noted above is \$230,000.

### Balancing Strategy (cont'd)

#### Reduction in Non-Personnel Costs (\$192,419)

Line item reductions totaling \$75,064 are made to various expenditure line-item accounts, including travel, supplies, and training. Additionally, \$22,729 was from reduced contract support to the Real Property Management program for appraisals and right of way issues. The city's long standing Leaking Underground Fuel Tank (LUFT) program was reduced by nearly \$60,000, which will stretch out the program over an additional year or two. Finally, this reduction of \$38,384 to support Neighborhood cleanups will result in a reduction from the proposed 4 to 3 per year.

#### Workforce Reductions and Re-Allocations (\$298,386)

A vacant, full-time Principal Engineer position will be eliminated, an Administrative Supervisor was reclassified to an Administrative Assistant, an Administrative Specialist was reassigned from a General Fund position to a vacant position in the Streets Fund, and the assignment of three staff was shifted to work non-General Fund programs. The affect of these actions means a reduced supervisory capacity in the Administrative and Engineering Divisions along with fewer staff available to respond to review requests in the Land Development Division. Overall General Fund staffing was reduced by 3.25 full-time equivalent positions by these actions.

A Project Engineer was assigned from non-billable to the billable status in the Engineering Division and approximately \$61,500 of hourly staff salary was removed. This action netted an overall increase in billable hours and productivity to execute the Capital Program.

### Service Level Impacts

The impact of the above reductions will be felt primarily through increases in deferred facilities maintenance programs, reductions in staff training, reduction in support of the Land Development Team and response to the public, reduction in custodial services in the carpet cleaning and window washing programs. Staffing support to Capital Program Project implementation will increase under this budget, however, supervision of Capital Programs in the Engineering Division will be spread over fewer managers.

## Public Works

### Service Level Impacts (cont'd)

#### Intra-City Service Fund:

##### New/Enhanced Revenues (\$65,000)

The custodial service for the El Estero Treatment Facility will be managed by Facilities staff on a reimbursable basis which effectively reduces the custodial support to General Fund facilities by this amount annually. Staff is reviewing workload and making reassignment to meet the new staffing level.

##### Reduction in Non-Personnel Costs (\$238,959)

The Facilities Renewal Plan, for maintenance and repairs to General Fund buildings was reduced by \$167,660 from the Fiscal Year 2009 level which will result in an increase to the maintenance backlog. In addition, various line items in the Vehicle Maintenance program were reduced specifically in contract support for repairs.

##### Workforce Reductions and Re-Allocations (\$71,689)

A reorganization of this Division was made resulting in the deletion of a Custodian, Electronics Communications Supervisor and an Administrative Specialist position. This action coupled with the elimination of a Project Engineer and reclassification of an existing manager to a Supervising Engineer, effectively divided the Division into two units performing 1) maintenance functions and 2) execution of maintenance related Capital Projects. The Project Engineer position was restored to the budget, at a cost of \$119,893, as a result of negotiated labor concessions designed to avoid layoffs.

## Administration

(Program No. 4111)

### Mission Statement

Provide excellent public service and administrative, personnel and financial management support to Department staff in order to ensure efficient and organized day-to-day operations of the department.

### Program Activities

- Support the activities of the division managers and provide interface and support to other city department heads.
- Develop and coordinate all department revenues including water and wastewater rate setting.
- Monitor and coordinate the department's budget activities, ensuring that all expenditures are within appropriation.
- Coordinate timely and responsive input to develop the financial plan and annual budget.
- Process departmental correspondence and phone calls, Council reports, departmental claims and requisitions, as well as all personnel documentation and evaluations for the department, ensuring timeliness and accuracy.

### Key Objectives for Fiscal Year 2010

- Ensure 80% or greater of all Public Works program objectives are met or exceeded.
- Ensure positive annual appropriation balance for all assigned Public Works funds.
- Ensure annual revenue attained by each Fund is within 5% of fiscal year estimates.
- For assigned Enterprise Funds, ensure Council Policy reserve level goals are met or exceeded annually.
- Coordinate and develop Departments FY 11 budgets for all Enterprise/Special and assigned General Funds and submit to the Finance Department by March 31, 2010.
- Coordinate development of Department policies and procedures to maintain and/or improve services and efficiency via the Project Management Mapping Process.
- Coordinate and develop an end-of fiscal year summary report describing Public Works Department accomplishments.

## Engineering Services

(Program No. 4211)

### Mission Statement

Provide professional engineering and management support for city departments and all Capital Projects to maintain and improve the city's infrastructure.

### Program Activities

- Manage construction of the city's Capital Improvement Program (CIP).
- Provide professional engineering services for planning, designing, surveying, inspecting and managing the city's Capital Program.
- Provide long-range master planning and engineering support for the city's capital infrastructure, in addition to general engineering services for all city projects as requested.
- Track and bill engineering services to user departments or capital improvement projects for design and construction.

### Key Objectives for Fiscal Year 2010

- Complete 75% of budgeted Capital Program project milestones assigned to Engineering.
- For projects greater than \$300,000, limit engineering services (staff and consultant costs) to average less than 25% of total project costs.
- For projects less than \$300,000, limit engineering services (staff and consultant costs) to average less than 40% of the total project cost.
- Limit the cost of construction contract change orders in Capital Program projects to less than 9% of the total annual value of construction awarded.
- Complete construction of the Fire Station No. 1 Seismic Renovation Project.
- Meet or exceed the budget's engineering work order revenue projections.
- Begin construction of the Police Station Infrastructure Improvement Project.
- Begin construction of the Carrillo Recreation Center Seismic Improvements.
- Conduct at least one post-construction public feedback survey to assist in the continued enhancement of Capital Improvement Project management.
- Meet quarterly with client departments to ascertain feedback on the quality of services being provided by the Engineering Division.

## RECENT PROGRAM ACHIEVEMENTS

Increased customer service with the front counter remodel, digitally archiving 100 yrs of archived civil drawings that are now available to civil design firms and creating the "Online Front Counter" on the Engineering site with 60-70 handouts available to the public.

## Land Development

(Program No. 4212)

### Mission Statement

Manage the public right-of-way and city-owned lands, protect the interests of the general public, and process private development review applications and permits.

### Program Activities

- Ensure land development projects comply with applicable regulations including the Subdivision Map Act, sound engineering practices, and city policies and guidelines.
- Manage and operate the Public Works permit counter, which issues over the counter Public Works permits, and participate in the review of over 3,000 building construction permits annually.
- Review and process private land development project applications and coordinate a unified Department response from all Department divisions.
- Coordinate Department review and permitting of private land development projects.
- Manage and maintain a monthly inventory of the city's real property interests, including city utility easements.
- Acquire rights-of-way and associated easements as required for city initiated public improvement projects following applicable Federal, State, and local statutes.
- Manage and maintain the Public Works library of record drawings and digital geospatial data.
- Manage and provide enforcement of the Outdoor Dining Program for permits issued for outdoor dining on city sidewalks.

### Key Objectives for Fiscal Year 2010

- Meet 100% of Land Development Team discretionary land development project review deadlines.
- Meet 85% of the target response dates for staff review of specific building permits at the Public Works Permit Counter.
- Provide quarterly updates to 90% of the applicants with active cases regarding their submitted complete applications for real property related tasks.

## Environmental Services

(Program No. 4213)

### Mission Statement

Properly manage and dispose of hazardous materials, and comply with State regulations applying to City-owned and operated Underground Storage Tanks (USTs), Leaking Underground Fuel Tanks (LUFTs) and Site Mitigation Units (SMUs).

### Program Activities

- Assess and oversee remediation of soil and groundwater contamination from Leaking Underground Fuel Tank (LUFT) and Site Mitigation (SMU) sites to comply with State regulatory requirements.
- Prepare reports for all LUFT and SMU sites as required by regulatory agencies.
- Provide vector control services in City creeks and public right-of-way and provide vector control information to citizens regarding mosquitoes, bees, mice and rats.
- Provide for the proper disposal of hazardous waste found in the public rightof-way.

### Key Objectives for Fiscal Year 2010

- Respond to 100% of Hazardous Material spills within one hour of call.
- Resolve 100% of vector control requests for creeks and the public right-of-way for mosquitoes, bees, mice, and rats within 5 working days.
- Bring the City's final non-compliant UST into compliance with California Water Quality Control Board (CWQCB) and California Air Resources Board requirements.
- Meet 100% of the required deadlines for groundwater monitoring events and report submittals for the City's 17 LUFTS and SMUs as required by the Local Enforcement Agency of the CWQCB.
- Process and submit 98% of all hazardous waste fees, taxes, permits and manifests, state and county oversight fees, business plans, UST permits, fuel tank throughput reports, and related requirements from federal, state and/or county entities on time.
- Meet 100% of required deadlines for site assessment and/or remediation efforts for 17 LUFTS and SMUs as imposed by the Local Enforcement Agency (LEA) of the California Water Quality Control Board (CWQCB).

## RECENT PROGRAM ACHIEVEMENTS

The City collected and diverted from landfill disposal over 400,000 pounds of electronic waste (E-waste).

## Solid Waste

(Program No. 4214)

### Mission Statement

Provide reliable, cost-effective collection of residential and commercial recyclables, greenwaste, foodscrap and refuse through the City's franchised haulers, with a primary focus on maximizing diversion of solid waste from landfill disposal.

### Program Activities

- Design solid waste programs that protect public health and the environment; maintain the City's compliance with State solid waste mandates.
- Develop a cost-effective solid waste management system to allow the City to maintain control of its waste stream
- Pursue long-term alternatives to disposal, and continuously reduce the volume of material disposed in landfills through aggressive recycling and other diversion strategies.
- Ensure contract compliance with the franchised haulers.
- Manage all components of the City's waste management system.
- Provide information to the public and respond to concerns about hauling services;
- Participate in regional solid waste forums such as the Multi-Jurisdictional Solid Waste Task Group (MJSWTG).

### Key Objectives for Fiscal Year 2010

- ✔ Enlist 71 food service establishments into the Foodscrap Recovery and Composting program
- ✔ Meet with 300 new contacts in the business sector about the environmental and financial benefits of recycling.
- Work with the County to select a vendor to begin design and permitting of a conversion technology facility at the Tajiguas Landfill.
- ✔ Implement a strategy to reduce the consumption of single-use bags in the City.
- ✔ Install a gas extraction system at the closed landfill at Elings Park as required by the Regional Water Quality Control Board and California Integrated Waste Management Board.
- ✔ Implement new solid waste rates for the business sector that create greater financial incentives for recycling.
- ✔ Investigate and determine feasibility of a program for curbside collection of universal, household hazardous and electronic waste.

## Traffic Operations

(Program No. 4311)

### Mission Statement

Effectively manage the transportation network and develop improvements that are responsive to the needs of all travel modes so that people and goods can move safely and efficiently throughout the city.

### Program Activities

- Collect, analyze, and interpret traffic information needed to optimize the transportation system to meet travel demand and city policy for equality between all modes of travel.
- Monitor traffic collisions to identify high collision locations and prevent collisions by collaborating with the Police Department.
- Respond to public requests, suggestions, and inquiries for changes in parking and traffic control.
- Provide direction in the design and construction of public and private improvements to ensure traffic safety and minimize travel impacts.
- Collect and process traffic data for transportation planning and land development review activities.
- Operate a coordinated traffic signal system to maximize safety, minimize delay, and be responsive to pedestrian, cyclist and motor vehicle needs.
- Review collisions involving pedestrians, bicyclists and vehicles and take corrective action as necessary to reduce collision rates to be equal to or lower than statewide averages.

### Key Objectives for Fiscal Year 2010

- 🍃 Maintain level of service C or better at 80% of the SBCAG Congestion Management Program signalized intersections during peak hours.
- 🍃 Complete two traffic signal timing studies to optimize motor vehicle flow on major corridors.
- Investigate and resolve 85% of traffic related concerns, complaints and requests within 30 calendar days.
- Perform review of 85% of temporary traffic control plans within 5 business days.
- Complete speed surveys on ten streets to support Police enforcement of established speed limits.
- Review collision rates at intersections annually to determine the need to conduct warrant analyses for multi-way stops and traffic signals.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Recommend changes to the Federal Classification Map for appropriate City streets serving business and residence districts.
- Develop a template for evaluation of Streets Capital Projects, including before-after data collection.

### RECENT PROGRAM ACHIEVEMENTS

Increased the percentage of City board and regulatory permits reviewed on time by 16% over FY 2007.

## Transportation Planning & Alternative Transportation

(Program Nos. 4312 and 4314)

### Mission Statement

Review private land development and plan public transportation facilities and policy so that people can move within the city with equality of convenience and access among all modes of transportation; and, plan and coordinate projects and programs that promote alternative modes of transportation and are widely available and attractive to the public.

### Program Activities

- Support regional transportation planning decision making.
- Identify and compete for State and Federal money for transportation system development.
- Work directly with community groups to address neighborhood and business transportation concerns, and develop appropriate programs or projects.
- Review all site plans for conformance with transportation and parking alternative transportation policies, regulation, and practices.
- Fund the construction of new or improved pedestrian and bicycle facilities.
- Fund the construction of new facilities serving various alternative transportation modes.
- Fund the operation of energy efficient, non-polluting electric shuttle buses.
- Develop funding programs for Transit Capital and operating assistance.
- Subsidize the operation of various transit assistance programs.
- Plan auto related, non-auto, and auto alternative improvements to the City's transportation system, consistent with policies of the Circulation Element, Bicycle Master Plan and others.
- Work with the Community Development Department to implement the Circulation Element.
- Work with neighborhoods and other Public Works Divisions to develop Neighborhood Traffic Management Programs and Projects.
- Meet 90% of all Land Development Team (LDT) Pre-application Review Team (PRT) and Development Application Review Team (DART) deadlines.

## Key Objectives for Fiscal Year 2010

- Review and act within deadlines on 80% of all Development Plan Agreement (DPA), Architectural Board of Review (ABR), Historic Landmarks Commission (HLC), building permit, modification, and garage waiver requests.
- Oversee the development of the Transportation portion of the Plan Santa Barbara EIR and modeling efforts.
- 🍃 Submit two grant applications annually for capital improvement projects that will improve the availability and/or attractiveness of alternative modes of transportation.
- 🍃 Locate and install fifty new bicycle hitching posts to achieve the goals of the Circulation Element and Bicycle Master Plan to provide more bicycle parking throughout the community.
- 🍃 Execute the implementation plan for On-TRAC to provide commuter-friendly rail service to/from Santa Barbara to/from Ventura County via Amtrak.

## RECENT PROGRAM ACHIEVEMENTS

The FY09 expansion of sweeping was implemented in San Roque neighborhood. The street sweeping program now cleans 193 of the City's 239 centerline miles of paved roads.

## Street Sweeping

(Program No. 4412, 4418)

### Mission Statement

Clean streets to improve community appearance and water quality in urban creeks.

### Program Activities

- Mechanically sweep residential streets in conjunction with the city's Clean Sweep Program.
- Mechanically sweep business and commercial area streets (primarily in the downtown and Milpas Street areas) seven days a week.

### Key Objectives for Fiscal Year 2010

- 🌿 Sweep 20,000 curb miles per year on the established sweeping schedules for residential and commercial routes, except in inclement weather and on City-observed holidays.
- 🌿 Monitor all street sweeping routes and debris collected, on-street parking and street sweeping hotline call activity. If necessary, make schedule and/or parking restriction adjustments to establish acceptable curb access and cleanliness with minimal inconvenience to residents and businesses.

## Traffic Signals

(Program No. 4532)

### Mission Statement

Maintain a safe, efficient and reliable Citywide Traffic Signal System Network and provide funding for electrical energy for streetlights and traffic signals.

### Program Activities

- Provide maintenance and repair support for the city's 106 signalized intersections.
- Maintain the computerized controlling network for each intersection.
- Ensure proper video and analog vehicle detection at signalized intersections.
- Manage the Fire Department's Opticom preemption system to coordinate signal timing with emergency vehicle response.
- Provide funding for all electrical costs for both traffic signals and streetlights.

### Key Objectives for Fiscal Year 2010

- Complete 99% of scheduled preventative maintenance work orders on the Traffic Signal Network in accordance with approved preventative maintenance plan.
- Complete 99% of priority 1 work orders (Emergency Repairs) within 12 working hours of notification on weekdays.
- Respond to 99% of all non-emergency unscheduled repair work orders within 24 working hours on the Traffic Signal Network.
- Upgrade fiber path from Public Works to City hall to allow for Traffic Safety/Capacity Improvements.
- Complete fiber from Yanonali St to Cabrillo to allow for Traffic Safety/Capacity Improvements.
- Replace 6 traffic control cabinets.

## Streets Capital

(Program No. 4417)

### Mission Statement

Manage the maintenance, repair of, and improvements to the public right-of-way infrastructure in accordance with the goals of the City Council and the Circulation Element, in order to provide the public with safe, efficient, functional, high quality, and cost effective transportation and drainage systems.

### Program Activities

- Adequately fund projects to maintain, repair, and improve the city's infrastructure assets for streets, sidewalks, bridges, storm drains, traffic signals, and pavement striping and markings.
- Plan, prioritize, and balance funding for capital expenditures between multi-modal transportation and street right-of-way infrastructure maintenance, repair and improvements (which include streets, bridges, storm drains, traffic signals, streetlights, traffic markings, and sidewalks).
- Apply for grant funding from a variety of sources for capital projects to leverage city funds.
- Provide courtesy review and coordination of all CalTrans initiated roadway projects.
- Provide staff support to division managers and supervisors associated with Streets capital projects.

### Key Objectives for Fiscal Year 2010

- Award a pavement maintenance construction contract in one of the City's pavement maintenance areas for slurry seal and/or asphalt concrete pavement overlay.
- Include in the annual asphalt pavement design contract streets with a PQI of less than 40.
- Prepare an annual Road Maintenance Action Plan update.
- Track and report on the status of American Recovery and Reinvestment Act funded projects.

## Utility Undergrounding

(Program No. 4417)

### Mission Statement

Manage or facilitate the formation, development, and construction of approved Underground Utility Districts and Underground Utility Assessment Districts in accordance with City Council goals and regulatory requirements. In the interest of the general public, support underground utility projects that include the removal of poles, overhead wires, and associated structures.

### Program Activities

- Coordinate the city's involvement and city activities with the utility companies' design for Underground Utility Districts.
- Regularly inform the public and the City Council of progress during the design and construction of an Underground Utility District.
- Seek opportunity projects as candidates for available Underground Utility District funding.
- Assist neighborhoods in the formation and processing of Underground Utility Assessment Districts.
- Ensure an updated Utility Underground Assessment District information handout is available to the public explaining key issues, including steps in the process for formation, review, and approval of an Underground Utility Assessment District.

### Key Objectives for Fiscal Year 2010

- Coordinate City's streetlight construction work with Southern California Edison (SCE) and the contractor for the Cliff Drive Underground Utility District No. 10 project.
- Manage and process all Underground Utility Assessment District project applications.
- Hire and manage the assessment engineer for all Council approved Underground Utility Assessment Districts.

## RECENT PROGRAM ACHIEVEMENTS

Replacement of the metal halide interior lighting system at the Granada Garage has produced significant energy savings as well as reduced maintenance costs.

## Downtown Parking

(Program Nos. 4315, 4316, 4317)

### Mission Statement

Operate and maintain the city's parking facilities and on-street parking supply in order to maximize their use by customers and employees that shop and work in the Downtown Business District, thereby enhancing the economic vitality of the Downtown area.

### Program Activities

- Operate and maintain twelve parking lots that include five parking structures containing over 3,300 parking stalls.
- Administer customer and commuter parking programs.
- Provide parking facilities for over five million vehicles per year.
- Administer the Parking and Business Improvement Area, providing for 75-minute free parking program.
- Provide customer accounting and billing services.
- Plan, fund and implement long-term capital maintenance programs.
- Manage on-street resources for resident parking in the Downtown, City College, and upper Modoc areas.
- Fund and administer MTD Bus Pass programs for City employees.

### Key Objectives for Fiscal Year 2010

- Perform a routine cleaning of all of the City parking lots Monday thru Friday before 10:00 AM.
- Check parking lot equipment per approved schedule to reduce the number of equipment breakdowns.
- Respond to 90% of all equipment malfunction calls within 15 minutes.
- Ensure that 98.5% of all cash drawers are balanced at the end of each day.
- Perform regular cleaning of all Parking Program maintained public restrooms each day
- Ensure that all contractor maintained portable restrooms are kept clean and well supplied.
- Ensure that all Parking garage elevators are maintained as per contract requirements.
- Complete the final phase of the revenue control replacement project.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Complete the reconfiguration (construction) of the entrances to Lots 4 and 5.
- Complete the Lobero Parking Lot Railing Project
- 🌱 Work with the Facilities Division to explore potential energy saving lighting projects for the downtown parking garages.

## Building Maintenance

(Program No. 4511)

### Mission Statement

Provide operations, maintenance and construction services to city-owned facilities to maintain a clean, safe and functional environment in which to conduct city business.

### Program Activities

- Manage the maintenance, replacement, and upgrade of the city's buildings and city-owned streetlights.
- Utilize trades personnel, in conjunction with service and construction contractors, to augment and support the accomplishment of the planned maintenance and special building project programs.
- Provide project management support for capital improvement special projects in various departments.

### Key Objectives for Fiscal Year 2010

- Complete 90% of service calls within 30 days.
- Complete 95% of preventative maintenance work orders by the due date.
- Complete 90% of special request work orders within 90 days.
- Complete 95% of streetlight work orders within two weeks.
- Implement new accounting process to provide more real-time information on expenditures.
- Begin seismic inspections for the City's Fire Stations.
- Build an electronic lock and key database for City buildings.
- Deploy a streetlight maintenance tracking system.
- 🌱 Initiate LEED-EB O&M study for City Hall.
- 🌱 Complete the City's 2009 Greenhouse Gas Emissions Inventory by June 30, 2010.
- 🌱 Install direct digital controls for 630 Garden Street office HVAC system.
- 🌱 Participate in the South Coast Energy Efficiency Partnership (SCEEP) to provide public outreach and promote energy efficiency in City buildings and the community.
- 🌱 Implement Fresh Air Cooling at 630 Garden by use of economizers.

## Key Objectives for Fiscal Year 2010 (cont'd)

Completed Phase 2 of the mandated on road Heavy Duty Diesel Retrofit program in advance of the second compliance deadline of December 31, 2009.

## Motor Pool

(Program No. 4521, 4522)

### Mission Statement

Manage motorized fleet and fleet support services to cost effectively provide safe, reliable vehicles and equipment for all city departments.

### Program Activities

- Maintain and repair the city's fleet vehicles and heavy equipment and administer, test, and certify vehicles and equipment in compliance with federal and state mandates.
- Maintain the emergency power generators in a state of readiness.
- Maintain automated fuel delivery system and re-fueling infrastructure.
- Fund and maintain a vehicle replacement program that ensures the orderly and timely replacement of the city's fleet.
- Provide engineering services to develop specifications for purchasing of vehicles and equipment.
- Maintain a Pool Vehicle Program for shared vehicle use.

### Key Objectives for Fiscal Year 2010

- Complete 95 percent of preventive maintenance services on schedule in accordance with manufacturer's recommendations.
- Complete 100 percent of the mandated inspections and certifications annually in the following areas: a) aerial equipment certifications b) youth bus inspections and certifications c) commercial vehicle maintenance and inspection.
- Ensure that 70% of maintenance and repair services are for planned and scheduled work.
- Maintain 90% availability for each of the identified 5 classes of vehicles.
- Prepare vehicle replacement report by January 31, 2010, identifying vehicles and equipment to be replaced during the current fiscal year.
- Develop specifications, maximize the use of alternative fueled vehicles and establish purchase contracts for the procurement of every vehicle approved for replacement in the current fiscal year.
- Create a centralized electronic vehicle pool program with a reservation system and ride share component, as a tool to improve the utilization of administrative vehicles in the City fleet.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Establish fleet user group meeting with users of fleets services for the purpose of sharing information with regard to new or ongoing fleet programs and solicit input from customers to help shape fleet services provided by Motor Pool.
- 🍃 Complete 100% of mandated smog inspections and certifications.
- 🍃 Complete 100% of mandated diesel smoke testing and certifications.
- 🍃 Continue diesel powered engine retrofit program to comply with California Air Resources Board (CARB) regulations. Complete retrofit program by compliance deadline of December 31, 2011.
- 🍃 Create a diver's education class to increase driver awareness on steps they can take to improve fuel economy.
- 🍃 Pursue economic stimulus grant funding opportunities for alternative fueled vehicles and equipment.

## Communications Systems

(Program No. 4531)

### Mission Statement

Provide and maintain the citywide radio, telephone, microwave, and other associated electronic communication systems, including systems in the Police Department's Combined Communications Center, to ensure uninterrupted high-quality communication operations.

### Program Activities

- Provide maintenance and support activity for all communication equipment within the city, including repeaters, voters, and mobile and portable radios.
- Ensure the maintenance and operability of the Combined Communications Center, the city's 911 emergency call center.
- Maintain the city's microwave links.
- Manage the telephone system maintenance contract.
- Respond to all telephone and voicemail problems.
- Maintain computerized call accounting and name display databases.
- Perform radio, computer, and electronics installations in all city-owned vehicles.
- Install telecommunications cables in city-owned buildings.

### Key Objectives for Fiscal Year 2010

- Complete 99% of all scheduled preventative maintenance work orders monthly on the combined communication and all other communication equipment (radios) per manufacturer's suggested specifications.
- Complete 95% of all unscheduled repairs to portable and mobile radios within 24 working hours.
- Complete 99% of all scheduled preventative maintenance and manufacturers' suggested maintenance work orders on Citywide telephone systems.
- Complete 90% of all unscheduled work orders for the Citywide telephone system within 24 working hours of the reported outage.
- Maintain the Combined Communication Center (911) at 100% operational readiness.
- Upgrade two segments of the communications backbone to provide connectivity to outlying City facilities.
- Research and implement Voice Over Internet Protocol (VOIP) solutions where feasible.

## Key Objectives for Fiscal Year 2010 (cont'd)

 Recycle 100% of electronic waste generated by Communications Systems.

## RECENT PROGRAM ACHIEVEMENTS

Improved the Recycled Water system by replacing three of the five submersible vertical turbine pumps at the Golf Course Reservoir with higher efficiency pumps.

## Recycled Water

(Program No. 4621)

### Mission Statement

Provide cost efficient treatment and distribution of recycled water in accordance with state regulations in order to conserve city potable water supplies.

### Program Activities

- Provide reclaimed water to established service connections.
- Provide public education and assistance on the use of reclaimed water.
- Implement required agreements and ensure compliance with state regulations for users on the reclamation distribution system.
- Provide guidance, training education materials, and signage for landscape and toilet flushing uses of reclaimed water.

### Key Objectives for Fiscal Year 2010

- Perform inspections on all recycled water sites to meet the annual State inspection requirement.
- Provide one class for recycled water users to meet the annual State training requirement

## Water Distribution

(Program No. 4631)

### Mission Statement

Convey water to customers in a reliable and cost-efficient manner and provide drinking water that meets all state and federal regulations.

### Program Activities

- Operate and maintain the city's water distribution system comprised of Gibraltar Lake and Dam, water distribution pipelines, water pumping stations, reservoirs, pressure reducing stations, service connections and meters.
- Operate and maintain the groundwater well system.
- Distribute potable water to city residents.
- Operate and maintain the city's reclaimed water distribution system comprised of distribution pipelines, a pumping station, a reservoir, pressure reducing stations and service connections.
- Operate and maintain the reclamation distribution system, which has the capacity to treat and deliver 1,200 acre feet per year.
- Provide 24-hour emergency response services for all city departments through the emergency service unit.

### Key Objectives for Fiscal Year 2010

- Exercise 35% (2,600) of the valves in the water distribution system annually
- Flush 80% of the fire hydrants and transmission mains annually
- Restore water service within 8 hours after shutdown 75% of the time.
- Clean >9 (80%) of all water distribution reservoirs annually.
- 🌱 Operate the water distribution system to meet 100% of all applicable State and Federal requirements

(Program Nos. 4641, 4642)

### Mission Statement

Provide safe drinking water that is treated in a cost-effective manner and complies with state and federal regulations.

### Program Activities

- Operate and maintain the Cater Water Treatment Facility to achieve compliance with state and federal drinking water regulations.
- Provide regional water treatment for the City of Santa Barbara, Montecito Water District and Carpinteria Valley Water District, supplying drinking water to the communities of Santa Barbara, Montecito, Summerland, and Carpinteria.
- Maintain the C. Meyer Desalination Facility in long-term storage to supplement existing water supplies.

### Key Objectives for Fiscal Year 2010

- Perform 100% of preventative maintenance for the Cater Water Treatment Plant, in accordance with the annual preventative maintenance plan.
- Perform 100% of preventative maintenance for the C. Meyer Desalination Facility, in accordance with the annual preventative maintenance plan.
- Maintain C. Meyer Desalination Facility in long-term storage for reactivation when required to supplement other water supplies
- Maintain 100% compliance with California Department of Health Services Primary Water Quality Regulations.

## RECENT PROGRAM ACHIEVEMENTS

The City's Landscape Design Standards for Water Conservation were updated recently to reflect new opportunities for water wise landscaping.

## Water Supply Management

(Program No. 4651)

### Mission Statement

Provide an adequate supply of water by implementing the Long-Term Water Supply Program, which includes a cost-effective water conservation element and a diverse portfolio of supplies.

### Program Activities

- Implement the Long-Term Water Supply Program.
- Provide up to 8,277 acre-feet of water per year from the Cachuma Project and up to 3,000 acre-feet of water per year from the State Water Project.
- Advise on optimal use of the city's diverse sources of water supplies.
- Provide information on city water supplies and water conservation via the city's Internet website, with quarterly or more frequent updates and prompt responses to inquiries.
- Maintain and protect surface water supplies from the Santa Ynez River.
- Manage a cost-effective customer-response based water conservation program that meets federal and state requirements.

### Key Objectives for Fiscal Year 2010

- Have available at least 3,000 acre-feet (AF) of carryover in Lake Cachuma at the start of the third water year following each Cachuma spill.
- Achieve a 95% customer satisfaction rate for home water check-ups.
- Implement conditions from State Water Resources Control Board hearing to maintain Cachuma project water rights.
- Present annual Water Supply Management Report for the previous water year to Council for adoption by January 30, 2010.
- Ensure that water deliveries are not reduced by more than 10% during a "critical period" drought as modeled for the Long Term Water Supply Program.
- Ensure that expenditures under the Water Purchases Program stay within budgeted amounts (including any supplemental appropriations as needed due to extraordinary water shortage conditions) and meet payment schedules.
- Maintain 100% compliance with California Urban Water Conservation Council Best Management Practices (BMP's).

## Key Objectives for Fiscal Year 2010 (cont'd)

-  Coordinate and assist City-wide facility and park coordinators to sign up and track monthly water consumption with the Landscape Budgets Program.
-  Send water use data to department heads, managers, and supervisors regarding water use in their facilities.
-  Complete a technical and cost effectiveness analysis of potential water conservation options for the Plan Santa Barbara process and the Long Term Water Supply Program update.
-  Compile newly developed technical information on the City's water supply and develop an updated Long Term Water Supply Analysis in support of Plan Santa Barbara and an update of the Long-Term Water Supply Program.
-  Launch the pilot "Smart Landscape Rebate Program".
-  Launch the "Water Wise Landscape CD" distribution program.

## Water Resources Laboratories

(Program Nos. 4661, 4662)

### Mission Statement

Provide cost efficient analytical testing services and high-quality data to meet the testing requirements of the water and wastewater systems.

### Program Activities

- Perform all required testing in accordance with Environmental Protection Agency (EPA) approved analytical methods.
- Provide laboratory services and conduct water and wastewater sampling for special projects and research.
- Perform and complete water pollution and water supply proficiency testing.
- Provide and submit the regulatory report to the California Regional Water Quality Control Board and the California Department of Health Services.
- Maintain all major analytical instrumentation in accordance with the Good Laboratory Practice Protocols.
- Provide ongoing technical training to all staff.

### Key Objectives for Fiscal Year 2010

- Produce valid data from 99% of completed tests.
- Complete samples and provide data so that NPDES and Drinking Water Reports can be submitted by the due date.
- Maintain certification for the State Department of Health Services Environmental Laboratory Accreditation Program (DHS-ELAP) at all times.
- Complete all necessary sampling and analyses to maintain compliance with current and pending drinking water regulations.
- Complete 100% of Laboratory Information System (LIMS) for drinking water module by June 30, 2010.

Read water meters for accurate and timely utility billings and respond to field service requests in a timely, courteous, efficient and safe manner.

### Program Activities

- Read approximately 26,000 water meters every 27-33 days.
- Process approximately 10,000 service orders to begin and terminate service.
- Maintain water meters and make recommendations for replacement.
- Download daily route meter reading data to the centralized utility billing system.
- Field check new water meter installations.
- Maintain and manage an active water meter inventory.
- Provide information to public service providers regarding unusual circumstances affecting the elderly through the Gatekeeper Program.

### Key Objectives for Fiscal Year 2010

(Program No. 4671)

### Mission Statement

Develop, fund, design and construct projects that will maintain, upgrade and enhance the city's water system infrastructure in order to ensure a continual supply of safe water for both domestic and fire protection purposes.

### Program Activities

- Determine the work required to maintain and upgrade the city's water supply, treatment, distribution, and recycled water infrastructure.
- Develop the necessary funding to facilitate the Water Capital Program.
- Approve the design, plans and specifications for constructing Water Capital Projects.
- Assist the Public Works Engineering Division in moving projects through the city's planning, environmental, and permitting process, when appropriate.
- Assist Engineering staff in the bid, award, monitoring and inspection of Water Capital projects through completion of construction, when appropriate.

### Key Objectives for Fiscal Year 2010

Wastewater Capital Program

## RECENT PROGRAM ACHIEVEMENTS

Pro-active maintenance and repair of the wastewater collection system prevents overflows from the wastewater collection system, thereby reducing opportunities for contamination of local creeks and the ocean. Rehabilitated 32,000 lineal feet of public sewer mainline.

## Wastewater Collection

(Program No. 4632)

### Mission Statement

Convey wastewater to the treatment plant reliably and cost efficiently, meet all applicable state and federal regulations, and protect the environment.

### Program Activities

- Maintain wastewater collection system to prevent sewer overflows.
- Respond to stoppage and overflow calls and contain overflows in a timely manner.
- Manage the Preventive Maintenance Program for the wastewater collection system and lift stations.
- Conduct a sanitary sewer smoke-testing program to identify areas of inflow/infiltration.
- Operate wastewater collection system to comply with state and federal reporting requirements.
- Enhance collection system performance by maintaining system hydraulic capacity to allow system to operate at its design capacity.

### Key Objectives for Fiscal Year 2010

- Limit the number of Category One overflows to 15 or less per year.
- Respond to and resolve 98% of stoppages and overflow calls in a safe, professional and timely manner of receiving notification, and reduce impacts should they occur within a two hour period.
- Review 90% of all private lateral CCTV inspection tapes within 5 working days of receipt.
- Inspect 130 restaurants for compliance with grease trap maintenance requirements.
- Comply with all State and Federal reporting requirements for wastewater collection as specified in the National Pollution Discharge Elimination System permit issued to the City.
- Initiate conversion to a 12 month calendar year Priority Preventative Maintenance program and accurately track monthly performance via electronic data management
- Clean sections of pipe listed on the revised Monthly Priority Preventative maintenance list at the assigned frequency.
- Clean the Mission Canyon sewer system and inspect all manholes per the City's agreement with Santa Barbara County.

## Key Objectives for Fiscal Year 2010 (cont'd)

- Initiate collection system Easement Program manhole inspections with structural condition assessment rating and quantify manholes in each basin.
- Assess the budgets, rates and pertinent data associated with the Sewer Lateral and Inspection (SLIP) Program and provide an Annual Report to Council by March 2010 (Refer to Other Performance Measures #10, 11, 12).

(Program No. 4711)

### Mission Statement

Provide cost efficient wastewater treatment, protect ocean water quality and public health, and comply with National Pollution Discharge Elimination System (NPDES) permit requirements.

### Program Activities

- Operate the El Estero Wastewater Treatment Plant to comply with discharge limitations as required by the Regional Water Quality Control Board.
- Operate the El Estero Wastewater Treatment Plant to assure air emission compliance with the Santa Barbara Air Pollution Control District Permit.
- Operate Pretreatment Program to inspect and sample industrial dischargers to the city's wastewater collection system.
- Maintain the El Estero Wastewater Treatment Plant using predictive and preventive maintenance methods.
- Continue public outreach and education to inform the public of environmental benefits of the El Estero Wastewater Treatment Plant process.

### Key Objectives for Fiscal Year 2010

- Achieve at least 100% compliance with wastewater discharge limits as listed in the NPDES permit issued by Regional Water Quality Control Board
- Achieve 100% compliance with local air emissions standards as specified in the Santa Barbara Air Pollution Control District permit requirements
- Achieve at least 99% compliance with discharge limits for recycled water as listed in the Water Reclamation Discharge permit issued by the Regional Water Quality Control Board
- Complete 90% of preventative maintenance tasks for the wastewater treatment plant and lift stations by the assigned due date

## Wastewater Capital Program

(Program No. 4771)

### Mission Statement

Expedite development, design and construction of wastewater related projects that will maintain, upgrade and enhance the infrastructure of the wastewater system in order to meet NPDES requirements and protect the environment.

### Program Activities

- Determine the work required to maintain and upgrade the city's Wastewater Treatment and Collection System infrastructure.
- Develop the necessary funding to facilitate the Wastewater Capital Program.
- Review and approve plans and specifications developed for constructing Wastewater Capital Projects.
- Assist Engineering Division staff in moving Wastewater Capital Projects through the city's planning, environmental and permitting process, when appropriate.
- Assist Engineering Division staff in the bid, award, and inspection of Wastewater Capital Projects, when appropriate.
- Monitor and expedite projects in the El Estero Strategic Plan.

### Key Objectives for Fiscal Year 2010

- By December 31 2009, develop project Scoping Documents for fiscal year 2011 capital program.
- By June 2010, complete the construction of the Sewer Main Rehabilitation Project.
- By June 2010, complete the design and construction of the equalization basin washdown system.
- By June 2010, design the headworks solids removal replacement project.
- By June 2010 complete the refurbishment of the 30-year old influent pumps at El Estero to improve reliability.
- By June 2010, complete design and begin replacement of the Five Pump Replacement Project (WAS, RAS, disinfection, sodium hypochlorite and elutriant pumps).

## Key Objectives for Fiscal Year 2010 (cont'd)

- By December 2009, complete the master plan and by June 2010 begin construction of the first phase (diffuser replacement) of the aeration system reconfiguration.
- 🌿 Review consultant's feasibility study for a grease to gas to energy project, pursue grant opportunities and if feasible, incorporate in the next five-year capital improvement program by April 1, 2010.

## Waterfront

Provide the community with a quality Waterfront for recreation and commercial use, along with mooring and landside services for boating activities.

### About Waterfront

The Waterfront Department is responsible for managing approximately 252 acres of tidelands and submerged lands encompassing the Harbor and Stearns Wharf. The Waterfront Department is an enterprise fund and operates from revenues generated from the resources it manages; primarily lease revenue, slip fees, and parking fees.

There are a total of 1,133 slips in the Harbor, about 19% of which are used by commercial fishermen and 81% by recreational boaters and others that are all subject to slip permits. The Harbor business/commercial area includes nine major buildings, all of which are owned by the City, including the Waterfront Center, the largest building in the area.

While the Harbor area is a mixture of ocean dependent, ocean related and visitor-serving uses, the Wharf's primary commercial uses include restaurants, retail shops, a bait and tackle store, and limited office space.

The Waterfront Department also operates eight parking lots along Cabrillo Boulevard between Leadbetter Beach and East Beach.

### Fiscal Year 2010 Budget Highlights

Waterfront Department will fund \$3,700,000 in capital improvement projects, including pile replacement and timber repairs to Stearns Wharf and Marina 2 slip and finger replacement, and installation of a solar thermal unit on one marina restroom. The most significant capital project will be the replacement of the Marina One main walkway, gangway and utility distribution system which marks the beginning of a multi-year rehabilitation project for Marina One, the harbor's largest marina.

The Waterfront Department has received approval for a loan of \$6.7 million from the California Department of Boating and Waterways to partially fund the Marina One project. \$720,000 of the loan has funded on July 1, 2008 and additional loan funding to be funded in fiscal year 2010.

### Response to Economic Downturn

#### Amount Needed to Balance

The Waterfront Department operations are part of a stand alone enterprise fund independent of the General Fund. It relies on revenues generated from the waterfront, including parking fees, leases and slip fees. While much of the revenues has held steady during this economic downturn, revenues generated from slip transfer fees has declined markedly. Slip transfer fee revenues are projected to be approximately \$500,000 below budget in the current fiscal year 2009, and the trend is expected to continue into FY 2010. Additionally, beginning July 1, 2009, the Waterfront Fund will assume responsibility for the maintenance of three public restrooms along the waterfront located at Stearns Wharf, Leadbetter Beach, and the Chamber of Commerce Visitor Center; maintenance of the Dolphin Fountain; and funding for the 4<sup>th</sup> of July fireworks show. As a result, the Waterfront Fund will need to raise revenues and cut costs to close a projected gap of approximately \$700,000 and to maintain reserves at or above minimum required levels over the next 3-6 years.

#### Balancing Strategy

The Waterfront Department's strategy to address the revenue shortfall and increased expense related to the funding shift to Parks are to cut operating expenses, increase user fees, and reduce and eliminate funding for capital programs. Additional fee increase and capital program cuts will be needed in the next 3-5 years to maintain reserves at minimum required levels. Key elements of the strategy are discussed below.

#### New/Enhanced Revenues (\$722,000)

Effective July 1, parking rates will be increased in hourly (staffed) lots, honor fee (unstaffed) lots, and on Stearns Wharf. Slip fees will be increased 4% (with 4% increase in FY 2011 and 3% in 2012), visitor slip fees will be increased 50%, and slip transfer fees will be increased. A variety of other administrative fees will be increased such as boat charter permits, public meeting room rentals, maximum daily parking fees for vehicles and boat trailers, and temporary docking fees for commercial (non fishing) vessels.

# DEPARTMENT SUMMARY

## Waterfront

### Balancing Strategy (cont'd)

#### Reduction in Operating Costs (\$553,000)

Several hourly positions have been eliminated in the Parking and Facilities Maintenance programs. Maintenance projects planned for the public deck at 217 Stearns Wharf (adjacent to the wine tasting room) and the Marine Center Building (125 Harbor Way) have been deferred indefinitely. The janitorial service contracts with UPC/Work Inc., and ServiceMaster have been reduced or cut back. The planned reduction in operating costs also includes a planned 13-day unpaid furlough of Waterfront staff; however, no furloughs have been approved by the labor union at this time.

#### Reduction in Capital Program Costs (\$170,000)

For FY 2010, cost reductions have been imposed upon the Marina Annual Capital repair program, the annual Stearns Wharf pile driving program, and the program to replace the video security system. The Navy Pier timber replacement project has been eliminated. Additional capital program reductions of approximately \$595,000 will be required during the next 3-5 years to maintain reserves at minimal required levels.

### Service Level Impacts

In general, increasing fees in a declining economy can be counterproductive. The increase in parking fees may discourage consumers from patronizing businesses in the Harbor and Stearns Wharf, which could have a negative effect on percentage rent revenue received for Waterfront lessees. Reductions of hourly positions in the parking program could result in less parking revenue due to less monitoring in the honor fee lots. Reductions in the Facilities maintenance programs will mean that less maintenance / upkeep and janitorial services will be provided, resulting in the Wharf and Harbor becoming a less attractive place to visit.

The anticipated work furloughs, inability to cash out unused vacation and reduction in operating funds combined with the possible additional Park and Recreation fund transfer will likely affect the Waterfront Department's ability to meet its P3 performance measurement goals. The Department's ability to complete minor and major capital projects will be adversely affected. The reduction of workforce hours will require staff to focus more on merely accomplishing day-to-day tasks at the expense of long term planning efforts.

## Harbor Patrol

(Program No. 8131)

### Mission Statement

Enforce laws, educate the public and provide emergency fire, medical and ocean response services to facilitate the safe and orderly use of the Waterfront area.

### Program Activities

- Provide emergency response seven days a week, 24 hours a day within the Waterfront jurisdiction.
- Provide security and law enforcement in the Waterfront by patrolling the ocean and land areas.
- Enforce State and local laws.
- Coordinate operations with U.S. Coast Guard, Santa Barbara Police, Santa Barbara Fire, California Department of Fish and Game, and County Sheriff.
- Provide search and rescue, towing and dewatering service to ocean users.
- Provide fire response and prevention services.

### Key Objectives for Fiscal Year 2010

- Respond to 94% of in-harbor emergencies within five minutes.
- Achieve an average of 50 training hours per Harbor Patrol Officer.
- Enhance public relations by conducting a minimum of 35 class tours or other public relations events.
- Limit time lost due to injury to 410 or fewer hours.
- Coordinate two joint (Fire & Harbor Patrol) emergency response drills in the Harbor to reinforce knowledge and practice of joint tactical response procedures.

# APPENDIX: Description of Funds

---

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, segregated for the purpose of carrying on specific activities, or complying with special regulations, restrictions, or limitations. The following provides a description of all accounting funds used by the City of Santa Barbara, including those for which a budget is not adopted.

## GOVERNMENTAL FUNDS

The measurement focus for governmental funds is on current spendable resources, and as such, the balance sheets for these types of funds include only current assets and current liabilities. Governmental funds are accounted for on a modified accrual basis, thus revenues are recognized when measurable and available, and expenditures are recorded when the related liability is incurred.

### General Fund

The City's General Fund accounts for activities and services traditionally associated with governments, such as police and fire, which are financed primarily through tax-generated revenues and not required to be accounted for in another fund.

### Special Revenue Funds

Special revenue funds are used to account for the proceeds from specific revenue sources, other than trusts or major capital projects that are legally or contractually restricted to expenditures for specific purposes.

#### ***1995 Floods Fund***

For costs incurred as a result of the two federally declared disasters in January 1995 and February 1998.

#### ***2005 Floods Fund***

For costs incurred as a result of the federally declared disaster in January 2005.

#### ***Community Development Block Grant Fund***

For receipt and disbursement of the City's federal block grant funds.

#### ***County Library***

For funds received and expended for library services on behalf of Santa Barbara County (non-City) residents.

#### ***Creeks Restoration and Water Quality Improvement (Measure B) Fund***

For the receipt and disbursement of the creeks-related share of transient occupancy tax (2%), generated by the passage of Measure B in October 2000. These funds may only be used for operations and capital projects related to creeks restoration, cleanup and maintenance, and for creeks- and ocean-water quality improvement projects and activities.

#### ***HOME Grant Fund***

For receipt and disbursement of federal HOME Investment Partnership Program funds which facilitate the development of affordable housing projects in the City.

#### ***Justice Assistance Grant Fund***

For receipt and disbursement of federal Edward Byrne Memorial Justice Assistance Grant Program funds to support crime control and prevention.

#### ***Miscellaneous Grants Fund***

For resources received from various granting agencies.

#### ***Police Asset Forfeiture and Grants Fund***

For assets confiscated by police special operations and restricted for use in support of police operations and miscellaneous grants.

# APPENDIX: Description of Funds

---

## ***Police Local Law Enforcement Block Grant Fund***

For Federal grants funds received for local law enforcement activities.

## ***Police Supplemental Law Enforcement Fund***

For State voter-approved funds (AB 3229), restricted to public safety and law enforcement.

## ***Redevelopment Agency Fund***

For operations of the Redevelopment Agency. Tax increment revenues primarily support this fund.

## ***Solid Waste Fund***

For City operations related to solid waste in support of State AB 939.

## ***Streets***

For receipt and disbursement of streets-restricted utility users' tax for activities related to streets and roads. Fifty percent of the City's utility users' tax is restricted for this purpose.

## ***Street Sweeping Fund***

For receipt and disbursement of street sweeping parking violations revenue in connection with the City's Consolidated Clean Sweep Program which provides for sweeping of City streets in both commercial and residential neighborhoods.

## ***Traffic Safety Fund***

For receipt of fines collected pursuant to the California Vehicle Code. The State of California Government Code restricts use of these funds to traffic control devices, equipment and supplies related to traffic control or traffic safety, and maintenance of public streets. The funds may not be used to pay compensation to traffic or police officers.

## ***Transportation Development Act Fund***

For receipt and disbursement of the City's share of gasoline sales tax and Transportation Development Act of 1971. These funds may be used only for capital projects pertaining to streets, roads and bikeways.

## ***Transportation Sales Tax (Measure D) Fund***

For funds received from a one-half cent sales tax levied by the Santa Barbara County Association of Governments. The proceeds are restricted to transportation uses. Measure D was approved by the voters of Santa Barbara County in an election held on November 7, 1989. The tax became effective on April 1, 1990.

## ***Utility Undergrounding Fund***

For the City's portion of funds received from a 1% franchise surcharge on electric utility bills in the City. The funds are used to support the City's costs associated with Southern California Edison Rule 20A and 20B approved undergrounding utility line projects in the City.

## ***Wildland Fire Benefit Assessment District Fund***

For funds received from a special property tax assessment to property owners who live in Extreme Foothill and Foothill Zones of the City high fire hazard area. Funds are spent solely within the Benefit Assessment District for vegetation road clearance, chipping services, defensible space assistance and inspection, and vegetation management projects.

## **Debt Service Funds**

Debt service funds are used to account for debt service expenditures on general long-term debt.

### ***2002 Municipal Refunding Certificates of Participation***

For the accumulation of funds for the payment of the General Fund's portion of the 2002 municipal improvement certificates of participation. These certificates mature in annual installments of \$65,000 to \$360,000, with final maturity in 2018.

# APPENDIX: Description of Funds

---

## ***1995 Redevelopment Agency Refunding Tax Allocation Bonds Series A and B***

For the accumulation of funds for the payment of the 1995 Refunding Tax Allocation Bonds, Series A and B. These bonds mature in annual principal installments of \$2,300,000 to \$4,705,000 through 2008.

## ***2001 Redevelopment Agency Tax Allocation Bonds – Series 2001A***

For the accumulation of funds for the payment of the 2001 Redevelopment Tax Allocation Refunding Bonds, Series A. These bonds mature in annual principal installments on serial bonds ranging from \$2,785,000 to \$4,340,000 through 2019.

## ***2003 Redevelopment Agency Tax Allocation Bonds – Series 2003A***

For the accumulation of funds for the payment of the 2003 Redevelopment Tax Allocation Refunding Bonds, Series A. These bonds mature in annual principal installments on serial bonds ranging from \$1,140,000 to \$2,835,000 through 2019.

## ***1994 Water Refunding Revenue Bonds***

For the accumulation of funds for the payment of the 1994 Water Revenue Refunding Serial Bonds. These bonds mature in annual principal installments of \$420,000 to \$510,000 through 2008.

## ***2004 Sewer Revenue Bonds***

For the accumulation of funds for the payment of the 2004 Sewer Revenue Bonds. These bonds mature in annual principal installments of \$525,000 to \$1,290,000 through 2029.

## **Capital Projects Funds**

Capital projects funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

### ***Capital Outlay Fund***

For all capital projects financed by the General Fund.

### ***Redevelopment Agency Capital Projects Funds***

For expenditures funded from the proceeds of the Agency's Tax Allocation Bonds.

## **PROPRIETARY FUNDS**

Proprietary funds account for operations that are financed and operated in a manner similar to private sector enterprises, in that goods and services are provided to the general public (external users) or other city departments (internal users), and the costs are financed or recovered primarily through fees and service charges charged directly to the users of the goods and services. Proprietary funds use the accrual basis of accounting.

## **Enterprise Funds**

Enterprise funds are used to report activities for which service charges or fees are charged to external users. Enterprise funds are financed and operated in a manner similar to private sector enterprises.

### ***Airport Fund***

For operations of the municipal airport and the administration of leases on airport property. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, capital acquisition and construction, financing and related debt service, and the billing and collection of fees.

### ***Downtown Parking Fund***

For the provision of parking services in the downtown area of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, capital acquisition and construction, financing and related debt service, and the billing and collection of fees.

# APPENDIX: Description of Funds

---

## ***Golf Fund***

For the operation of a municipal golf course. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, capital acquisition and construction, financing and related debt service, and the billing and collection of fees.

## ***Wastewater Fund***

For the provision of sewer services to the residents of the City and some residents of the County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, capital acquisition and construction, financing and related debt service, and the billing and collection of fees.

## ***Water Fund***

For the provision of water services to the residents of the City and some residents of the County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, capital acquisition and construction, financing and related debt service, and the billing and collection of fees.

## ***Waterfront Fund***

For the operations of the City-managed waterfront, the assets of which are part of the State of California Tideland Trust. Operations include: (1) a public wharf providing facilities for, and services to, leaseholders, restaurants, retail shops and other recreational activities; (2) a small watercraft harbor for commercial fishing, tour and privately-owned boats; and (3) the operation of all parking facilities in the waterfront area.

## **Internal Service Funds**

Internal service funds are used to report activities for which service charges or fees are charged to internal users. These funds are used to account for the financing of goods or services provided by one City department to other City departments on a cost reimbursement basis.

### ***Intra-City Service Fund***

For the costs of operating citywide building maintenance, custodial and electronics maintenance operations.

### ***Motorpool Fleet Fund***

For the costs of operating a City maintenance facility for automobiles and other vehicles used by all City departments and scheduled replacement of the motor pool.

### ***Self-Insurance Fund***

For the cost of providing workers' compensation, unemployment, liability and employee health insurance coverage on a citywide basis.

### ***Information Systems Intra-City Service Fund***

For the costs of the Information Systems operations for citywide computer and network maintenance and replacement.

## **FIDUCIARY FUNDS**

Funds that account for resources held in a trustee, custodial or agency capacity for others.

## **Pension Trust Funds**

Pension trust funds are used to account for the accumulation of resources for the locally administered safety retirement programs.

### ***Safety Retirement Fund***

For the accumulation of resources to be used for retirement benefits for those police and fire employees hired between May 17, 1937 and May 28, 1965.

# APPENDIX: Description of Funds

---

## ***Service Retirement Fund***

For the accumulation of resources to be used for retirement benefits for those police and fire employees hired between May 17, 1937 and May 28, 1965, and who were disabled due to job related injuries.

## **Non-Expendable Trust Funds**

Non-expendable trust funds are used to account for trust resources, wherein the City, in accordance with the terms of the trust agreement, can expend interest earnings of the trust, but the principal must remain intact. Like proprietary funds, non-expendable trust funds use the accrual basis of accounting.

## **Expendable Trust Funds**

Expendable trust funds are used to account for trust resources, wherein the City, in accordance with the terms of the trust agreement, can expend the Trust's principal and interest earnings.

## ***Library Gifts Fund***

For gifts and bequests made to the City library. Funds are used for book replacement.

## **Agency Funds**

Agency funds are used to account for resources for which the City acts as an agent, or custodian, for other governmental units, private organizations, or individuals.

## ***California Law Enforcement Telecommunications System (CLETS) Fund***

For monies received from various participating public agencies for the purchase of computer equipment for communication with the California Law Enforcement Tracking System (CLETS).

## ***Revolving Rehabilitation Loan Fund***

For rehabilitation loans made by the City through the use of various funding sources.

## ***Seismic Safety Assessment Fund***

For the financial activities of the Seismic Assessment District #1.

# APPENDIX: Legal Requirements and the Budgetary Process

---

## Authoritative Basis for the Annual Budget

The authoritative basis for the development of the annual budget is provided in Article XII, Fiscal Administration, Section 1200 et. al. of the City of Santa Barbara Charter. Section 1200 specifically requires that "... at least sixty (60) days prior to the beginning of each fiscal year, the City Administrator shall submit to the City Council the proposed budget as prepared by him (or her)."

## Budgetary Roles and Responsibilities

The Budget Officer and the Budget Manager, during budget pre-development, determine departmental revenue targets for use during budget development and develop cycle-specific information, such as debt service requirements and allocated costs. The Budget Officer works with the Treasury Manager from Finance throughout the entire budget development process to develop the base budget requirements for the next fiscal year through analysis of revenue estimates.

The Treasury Manager develops preliminary revenue estimates for departments during budget pre-development, and works with departments throughout the budget development process in revising the preliminary estimates for departmental revenues in order to reach final, revised estimates.

The Budget Manager develops overhead cost allocations and works with the Public Works Department in preparing preliminary cost allocations for building maintenance, custodial and electronic maintenance services, and the City's Motor Pool. The Budget Manager also works with Information Systems to determine cost allocations for the desktop maintenance and replacement program, as well as cost allocations related to the City's financial management system.

Finance managers assist the Budget Manager with the review of budgets to ensure that departmental budget submittals are complete, technically correct and submitted in a timely manner. During the budget review phase, Finance managers analyze requested budgets to determine that departments met their revenue target, and verify the accuracy of line-item budgets. They present findings and recommendations to the City Administrator during the individual departmental meetings with the departments.

The Assistant City Administrator for Organizational Development works with all departmental Program Owners, Managers and Department Heads to ensure that the performance objectives contained in the Programs and Services narratives are measurable, actionable, specific and adequately cover the day-to-day activities of city operations, as well as any one-time projects or initiatives planned for the budget year.

The Budget Steering Committee provides oversight to the entire budget process, with direction from the City Administrator, to ensure that Council goals and other citywide priorities are addressed throughout development of the budgets.

Departmental Staff develop line-item operating budgets and capital requests. Anticipated program adjustments are incorporated and communicated to the Finance Department for revising departmental revenue targets.

The City Administrator provides oversight of the Budget Steering Committee throughout the entire budget process. The City Administrator meets with Department Heads, Program Owners, Departmental Budget Staff and Budget Liaisons to review all departmental operating and capital requests and makes funding decisions for the recommended budget, ensuring that Council goals and the Steering Committee's budget priorities are addressed. Also at these budget meetings, the City Administrator approves all operational goals and objectives for the coming fiscal year that are laid out in the Programs and Services narratives. All recommendations and adjustments are incorporated into the City Administrator's recommended budget that is filed with the City Clerk and presented to City Council for approval in April of each year.

Mayor and City Council, with input from the public, review the City Administrator's recommended budget, along with any specific recommendations from the Council Finance Committee, approve or adjust as necessary, and adopt the final operating and capital budget.

## Budgetary Basis and the Budgetary Level of Control

Governmental funds are budgeted using the modified accrual basis, consistent with the basis of accounting. Briefly, this means that expenditures are recognized when the related liability is incurred; revenues are recognized to the degree that they are available to finance expenditures of the current period. The only exception is the budgeting of capital projects, in which the entire cost of the capital project is budgeted in the first year, and subsequently carried over until project completion.

# APPENDIX: Legal Requirements and the Budgetary Process

---

Similarly, Proprietary Funds use the modified accrual basis of budgeting, but use the accrual basis of accounting. Differences arise between the two bases for several items: depreciation expense is recorded on a GAAP basis only; debt service retirement, including principal and interest payments, are budgeted as expenditures; and, like governmental funds, all costs of capital projects are included in the budget for the first year of the project.

Budgets are monitored at varying levels of classification detail. However, expenditures cannot exceed total appropriations at the department level for the General Fund and at the fund level for all legally budgeted funds (proprietary funds).

Specifically, the budget is controlled at the following levels:

1. Departments are authorized to transfer amounts between individual line-item expenditure categories within a particular major object account group.
2. The City Administrator is authorized to transfer amounts within individual departmental budgets, both between programs and between major object groupings.
3. City Council must authorize all budget amendments that alter the total appropriations of a particular department or fund.

## Two-Year Budget Cycle

On November 27, 1984, the City Council adopted Resolution No. 84-182, approving the concept of a two-year budget cycle for the City of Santa Barbara. This action provided that:

1. City Council would approve a two-year program and financial plan at the beginning of each two-year cycle; and
2. Consistent with City Charter requirements, the City Council would adopt a budget for the program on an annual basis.

Significant characteristics of a two-year budget process, in addition to the items noted above, are:

- o Budget preparation and analysis will be for two years, occurring in the fiscal year immediately preceding the two-year cycle.
- o Mid-cycle adjustments will be managed as mid-year adjustments are managed; that is, outside of the budget development process, but subject to City Council approval.
- o The two-year budget cycle will be developed in conjunction with the establishment of the City Council two-year goals and action plan.

Implementation of a two-year budget cycle does not preclude adjustments at mid-cycle or modifications to the second year recommendations due to special circumstances or significant changes in revenue projections. It does, however, eliminate much of the repetitive and time-consuming aspects associated with the development of budget estimates, particularly for those programs that tend to remain constant. In addition, because the City Council is already focusing on a two-year commitment, the two-year budget process facilitates a long-term program and financial planning approach.

# APPENDIX: Legal Requirements and the Budgetary Process

---

The following summarizes the City of Santa Barbara's two-year budget process.

## **Budget Process - Year One**

### ***Pre-Development Activities***

Council goals and program priorities are developed.

Finance Department develops preliminary revenue projections.

Revenue targets are developed by City Administrator and distributed to departments.

The Finance and Public Works departments and Information Systems in the Administrative Services department develop allocated costs.

Departments submit capital project requests to Public Works Administrative Officer as part of development of the Six-Year Capital Improvement Plan.

Anticipated program adjustments are communicated to the Finance Department.

### ***Budget Preparation***

Cycle-specific information is distributed to each department, including revenue targets for General Fund departments.

Departments develop line-item budget estimates, document text information, and annual performance plans for each program.

### ***Edit and Review of Departmental Submittals***

Finance Department Budget Liaisons performs preliminary review of departmental line-item submittals.

Budget Liaisons review department line-item and text submittals.

City Administrator holds in-depth budget review meetings with each department.

### ***Production and Publication of Budget Document***

Finance Director and staff develop the tables, charts and graphs, prepare summary schedules and fund overviews, and compile, review and publish the document, as well as post the Recommended Budget to the Internet.

City Administrator and staff prepare "City Administrator's Budget Message" and review annual performance plans included in the program narratives.

The Recommended Budget is filed with the City Clerk's Office.

### ***Public Review***

Boards and Commissions review the Recommended Budget.

City Council and Finance Committee review the Recommended Budget, including Capital Program and Fee Resolutions.

City Council approves and/or adjusts the City Administrator's Recommended Budget, as appropriate.

Public hearings are held.

Budget overview and department presentations are held.

Budget information made available in accordance with Public Information Plan.

# APPENDIX: Legal Requirements and the Budgetary Process

---

## ***Budget Adoption***

City Council adopts, by resolution, the two-year financial plan and the operating and capital program budgets for year one of the two-year financial plan.

Finance Department updates and publishes the budget document, and posts it to the Internet.

## **Budget Process - Year Two**

### ***Mid-Cycle Review***

Finance Department updates the revenue projections for year two of the two-year financial plan.

Year two recommendations are revised, if necessary.

### ***Presentation and Adoption***

City Administrator presents addendum and a summary of the proposed budget for year two to the City Council. This document identifies the following:

- Changes to the two-year financial plan approved at mid-cycle.
- Any changes to the City Administrator's second year recommendations.
- The progress of the City Council's two-year goals and action plan.
- A summary of the second year's budget by program.

City Council reviews the addendum information and approves and/or adjusts the changes made by the City Administrator, as appropriate.

A public hearing is held.

Council adopts, by resolution, the operating and capital budget for year two of the two-year financial plan.

# APPENDIX: Budget Policies

---

## General Policies

All current operating expenditures will be financed with current revenues.

Budgetary emphasis will focus on providing high quality municipal services, recognizing the fundamental importance to the public of public safety and properly maintained infrastructure.

The budget will provide sufficient funding for adequate maintenance and orderly replacement of capital plant and equipment.

The budget will reflect a higher priority for maintenance of existing facilities than for acquisition of new facilities.

Future maintenance needs for all new capital facilities will be fully costed, and added costs will be recognized and included in future year budget projections.

Strong customer service and productivity improvements, with a focus on cost savings, remain important budgetary goals.

Productivity improvements resulting in cost reduction will remain an important budgetary goal.

## Revenue Policies

A diversified and stable revenue system will be maintained to shelter the City from short-run fluctuations in any single revenue source.

Revenues will be conservatively estimated, will be projected for the next four years and will be updated at least annually.

Intergovernmental assistance in the form of grants and loans will be used to finance only:

- Capital improvements that are consistent with the Six-Year Capital Program priorities and can be maintained and operated over time; and
- Operating programs which either can be sustained over time or have a limited horizon.
- One-time revenues will be used for operating programs only after an examination determines whether they are subsidizing an imbalance between operating revenues and expenditures, and then only if a long-term forecast shows that the operating deficit will not continue. In general, one-time revenues will be used only to support capital or other non-recurring expenditures.

All fees and charges for each enterprise fund will be set at a level that fully supports the direct and indirect cost of the enterprise.

## Reserve Policies

An Appropriated Reserve will be included in each operating fund's adopted budget to provide for unanticipated expenditures or to meet unexpected small increases in service delivery costs within the fiscal year. This reserve will be budgeted up to ½ of 1% of the operating budget and any unused portion will be returned to fund balance at the end of the fiscal year.

Each operating fund will establish a Capital Reserve funded to at least 5% of the value of its capital assets. In the alternative, the amount may be established at an amount equal to the average of the adopted capital program budgets for the previous five years. The goal for the General Fund Capital Reserve shall be set to at least \$1 million. Appropriations from these reserves will be to fund major capital costs.

For each operating fund there will be a reserve equal to 15% of its annual operating budget for the purpose of responding to emergencies. It may take more than one year to meet the 15% goal if these emergency reserves do not presently meet the 15% goal.

Each operating fund will establish and maintain a reserve equal to 10% of its annual operating budget for the purpose of providing for unique one-time costs and maintenance of City services and permit orderly budget adjustments during periods of reductions. Appropriation of these reserves to operating budgets should, when feasible, be accompanied by a plan for the replenishment within a reasonable period of time.

# APPENDIX: Budget Policies

---

Funding of reserves will come generally from one-time revenues, excess fund balance and projected revenues in excess of projected expenditures. They will generally be reserved in the following priority order:

- Reserve for Economic Contingency/Emergencies
- Reserve for Capital
- Reserve for Future Years' Budgets

However, flexibility will be retained to allocate available funds among the reserves based on the current circumstances and needs of the City's various operating funds.

Appropriation or use of funds from any of these reserves will require Council action.

## Debt Policy

It is the intent of the City of Santa Barbara to issue debt in a manner that adheres to state and federal laws, existing bond covenants and prudent financial management. A summary of existing debt obligations by fund and a summary of total annual debt service requirements are provided in this section under "Debt Obligations".

The General Fund currently does not have any general obligation bonds and does not anticipate issuing such debt. Existing General Fund debt includes certificates of participation for capital improvements to City facilities. As of June 30, 2006, the outstanding balance is \$3,290,100 and annual debt service requirement is \$358,053.

With respect to financing of future capital improvements, General Fund annual budgeted expenditures provide for funding of general capital improvements. In addition, current City policy provides for the use of accumulated reserves in excess of policy requirements for one-time costs, including major capital projects.

Restrictions affecting the issuance of debt relate to existing bond covenants associated with the outstanding Water and Wastewater Fund Revenue Bonds. Specifically, existing bond covenants require that net system revenues (operating revenues less operating expenses, excluding depreciation) must be at least 125% of the annual debt service requirements (maximum).

Based on these restrictions and existing annual debt service requirements, total annual debt service capacity for the Water Fund and Wastewater Fund is approximately \$7.6 million and \$1.3 million, respectively, based on operating results for the year ended June 30, 2006. For fiscal year 2007, the current total debt service requirement for all existing debt is approximately \$3.9 million and \$1,353,000 for the Water Fund and Wastewater Fund, respectively.

Based on a net assessed value of property of approximately \$12.66 billion, the legal debt limit is \$1,266 million. Currently, there is no outstanding debt subject to limitation.

No other restrictions exist.

# APPENDIX: Budget Glossary

---

**Accrual Basis of Accounting:** Proprietary and non-expendable trust fund types utilize the accrual basis of accounting. Under this method, revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, such that revenues and expenditures are recognized when the underlying event or transaction takes place.

**Appropriation:** An authorization granted by the legislative body of a government, which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period by the City Council. Non-operating appropriations, i.e., capital and special projects, continue in force through a budget re-appropriation (or carryover) until fully expended or until the City has accomplished or abandoned the purpose for which Council originally granted the appropriation.

**Appropriation Resolution:** The official enactment by the legislative body establishing the legal authority for officials to obligate and expend resources.

**Assessed Value:** The value placed on real and other property as a basis for levying property taxes. For all agencies in the State of California, assessed value is established by the County for the secured and unsecured property tax rolls; the State Board of Equalization establishes assessed value of utility property tax rolls.

**Balance Sheet:** A statement purporting to present the financial position of an entity by disclosing the value of its assets, liabilities, and equities as of a specific date.

**Basis of Accounting:** The timing of recognition, that is, when the effects of transactions or events are recognized for financial reporting or budgeting purposes. The three bases of accounting for governmental agencies are: (1) cash basis (when cash is received or paid), (2) accrual basis (when the underlying transaction or event takes place) and, (3) modified accrual basis (revenues recognized in the accounting period in which they become available and measurable and expenditures recognized in the accounting period in which the fund liability is incurred).

**Bond:** A written promise to pay (debt) a specified sum of money (principal or face value) on a specific future date (the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to finance large-scale capital projects such as buildings, bridges, streets, and utility infrastructure.

**Bond Rating:** An evaluation of a bond issuer's credit quality and perceived ability to pay the principal and interest on time and in full. Two agencies regularly review city bonds and generate bond rating: Moody's Investors Service and Standard and Poor's Ratings Group.

**Budget:** A plan for the expenditure of financial resources covering a specific time period, usually one year, which, by adoption, constitutes legal authority to spend. The City of Santa Barbara adopts an annual budget from July 1 – June 30. The budget contains appropriations needed to continue the City's operations for the year and the revenues anticipated to finance them.

**Budget Amendment:** Under the City Charter, the City Council has the sole responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption by a majority vote. The City Administrator has the authority to approve administrative adjustments to the budget, as long as the adjustments will not have a significant policy impact, or affect the bottom-line appropriations for any given department.

**Budget Calendar:** A schedule of key dates and milestones that a government follows in the preparation and adoption of the budget.

**Budgetary Basis of Accounting:** The method of accounting applied to the budgetary accounts and the process used to determine when revenues and expenditures are recognized for budgetary purposes. The City of Santa Barbara uses the modified accrual basis for budgeting all funds, including proprietary funds.

**Budgetary Control:** The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of appropriations and available revenues. The level of budgetary control for City Council is at the department level. For the City Administrator, budgetary control is within a department, at the program level and at the major object level (groupings of individual line-item expenditure categories, for example, salaries and benefits, supplies and services, special projects, and non-capital equipment categories). For departments, budgetary control is at the line-item level within a particular major object group.

**Budget Message:** A general discussion of the budget presented in writing as a part of, or supplement to, the budget document. The budget message explains the principal issues against the background of financial trends and the priorities set forth in the budget.

**Capital Asset:** A tangible, fixed asset that is long-term in nature, of significant value, and obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include land, buildings, equipment, improvements to buildings, and infrastructure (i.e., streets, highways, bridges and other immovable assets). A capital asset is defined as an asset with a useful life extending beyond a single accounting period. The capitalization threshold for the City of Santa Barbara is \$10,000.

**Capital Expenditure:** An amount expended for fixed asset acquisitions and improvements. The capitalization threshold for the City of Santa

Barbara is \$10,000.

**Capital Budget:** A plan of capital expenditures and the means of financing them. The capital budget is adopted as part of the complete annual budget, including both operating and capital outlays.

**Capital Improvement Plan (CIP):** A formal long-term (multi-year) plan for the acquisition and improvement of major assets, such as land, buildings, machinery and equipment, and infrastructure (i.e., streets, highways, bridges, and other immovable assets). The CIP identifies the expected beginning and ending date for each project, the amount to be expended in each, and the method of financing those expenditures. The City of Santa Barbara prepares a six-year CIP and the threshold for inclusion in the CIP is \$25,000.

**Capital Lease:** An agreement that conveys the rights to use property, plant or equipment, usually for a stated period of time.

**Capital Projects Fund:** A governmental fund type used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds). See also *Governmental Fund*.

**Carryover:** Expenditure originally planned in the current year but, because of delays, is postponed to the following fiscal year.

**Certificate of Participation:** A form of lease-purchase financing used to construct or acquire capital facilities and equipment.

**Change in Service:** A change in the nature, type or level of service provided by a City program from that provided in the prior fiscal year's adopted budget, as amended.

**Community Development Block Grant (CDBG):** Grant funds allocated by the federal government to the City of Santa Barbara to use for the prevention and removal of slum and blight, and to benefit low- and moderate-income persons. The City disburses these funds through an annual application process open to all nonprofit organizations and City departments.

**Contingency:** An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as shortfalls in revenue and similar eventualities, natural disasters, and federal mandates.

**Contractual Services:** Expenditures for City services performed by firms, individuals or other city departments.

**Cost-Reimbursement Basis:** The setting of service charges and fees such that costs are systematically recovered on a break-even basis over time. This term is used in connection with internal service funds.

**Debt Instrument:** A vehicle for borrowing funds,

including general obligation bonds, revenue bonds, lease/purchase agreements, lease-revenue bonds, tax allocation bonds, certificates of participation, and assessment district bonds. See also *Bond*.

**Debt Service:** Payment of interest and repayment of principal to holders of a government's debt instruments.

**Debt Service Fund:** A governmental fund type used to account for the payment and accumulation of resources related to general long-term debt principal and interest; debt service payments related to enterprise operations are directly accounted for in the enterprise fund itself. See also *Governmental Fund*.

**Debt Service Requirement:** The amount of money required to pay interest and principal on outstanding debt and the required contributions to accumulate monies for future retirement of long-term bonds.

**Department:** An operational and budgetary unit designated by the City Council to define and organize City operations, or a group of related operations within a functional area.

**Encumbrance:** Legal commitments related to unperformed (executory) contracts for goods and services. At year-end, encumbrances represent a reservation on fund balance.

**Enterprise Fund:** A proprietary fund type used to account for operations that are financed and operated in a manner similar to private sector enterprises, such that the costs of providing goods and services to the general public are financed or recovered primarily through fees charged directly to the users of the goods or services provided. The City of Santa Barbara has ten enterprise funds, including Airport Operating and Capital, Golf, Downtown Parking, Water Operating and Capital, Wastewater Operating and Capital, and Waterfront Operating and Capital Funds. See also *Proprietary Fund*.

**Enterprise Fund Accounting:** Accounting used for government operations that are financed and operated in a manner similar to private sector enterprises, and for which preparation of an income statement is desirable. Enterprise Funds use the accrual basis of accounting.

**Estimated Revenue:** The budgeted projected revenues, which are expected and realizable during the budget fiscal year, to finance all or part of planned expenditures.

**Expenditure:** The outflow of funds paid, or to be paid, for goods and services received during the current period. Note: an encumbrance is not expenditure; rather it represents a reservation on fund balance.

**Expense:** The incurrence of liabilities or the consumption of assets arising from the delivery or production of goods, rendering services or carrying out other activities that constitutes the entity's ongoing major or central operation. This

term applies to the City's Enterprise and Internal Service Funds.

**Fiduciary Fund:** A major fund type used to account for assets held by the City in a trustee, agency or custodial capacity for others. The City of Santa Barbara has pension trust, expendable trust, non-expendable trust, and agency funds within the fiduciary fund type. Expendable trust funds are accounted for in the same manner as governmental funds, using the modified accrual basis of accounting. Pension trust and non-expendable trust funds use the accrual basis of accounting. An agency fund is custodial in nature in that it does not measure results of operations and the assets equal liabilities (i.e., all assets are held solely for the benefit of others).

**Fiscal Year:** The 12-month period to which the annual operating budget applies, at the end of which a government determines its financial position and the results of its operations. The City of Santa Barbara operates on a fiscal year from July 1 through June 30.

**Fixed Asset:** See *Capital Asset*.

**Full-Time Equivalent (FTE):** The standardized unit of measurement of staffing equal to 2,080 hours of work per year.

**Fund:** A separate fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances and changes therein are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations. There are three major fund types: governmental, proprietary, and fiduciary.

**Fund Balance:** From a strict accounting perspective, fund balance represents the excess of assets over liabilities. It also represents the cumulative effect of revenues and other financing sources over expenditures, and other financing uses that are available for reservation, designation or appropriation. A negative fund balance is called a *fund deficit*.

**General Fund:** The primary operating fund of a governmental organization that accounts for activities and services not required to be accounted for in another fund, and traditionally associated with governments, such as police and fire service, which are financed primarily through tax, intergovernmental and other non-exchange revenues.

**General Obligation Bond:** A bond sold to generate financing for various purposes, and to be repaid with normal, unrestricted operating revenue, usually from the General Fund.

**Generally Accepted Accounting Principles (GAAP):** Uniform minimum standards and guidelines for accounting and reporting. These standards govern the form and content of the annual financial statements of an entity. The

primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).

**Governmental Activities:** Activities generally financed through taxes, intergovernmental revenues, and other non-exchange revenues, and usually reported in governmental and internal service funds.

**Governmental Fund:** A major fund type generally used to account for tax-supported activities. Governmental funds use the modified accrual basis of accounting. The City of Santa Barbara uses four types of governmental funds: general, special revenue, debt service, and capital projects funds.

**Grant:** Contributions of cash or other assets donated from one governmental agency or organization to another, and usually restricted for a specific purpose. Typically, these contributions are made to local governments from state and federal governments.

**Infrastructure:** Facilities that support the daily life and growth of the City, for example, roads, waterlines, sewers, public buildings, parks and airports.

**Interfund Reimbursements:** Payments from one fund to another to reimburse costs to the recipient fund.

**Interfund Transfers:** Payments from one fund to another to finance the operations of the recipient fund.

**Internal Service Fund:** Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government on a cost-reimbursement basis. See also *Proprietary Fund*.

**Liability:** Debt or other legal obligations arising out of transactions in the past that must be liquidated, renewed or refunded at some future date. Note: the term does not include encumbrances.

**Line-Item Budget:** A budget that lists detailed expenditure categories separately, along with the amount budgeted for each specified category. The City of Santa Barbara uses program rather than line-item budgeting; however, detailed line-item accounts are maintained and recorded for financial reporting and control purposes.

**Major Object:** Categorized groupings of individual line-item expenditures that are similar in nature. For example, the City's major object categories include salaries and benefits, supplies and services, special projects, non-capital equipment, capital equipment, and miscellaneous.

**Mandate:** Legislation passed by the state or federal government requiring action or provision of services and/or programs. Examples include the Americans with Disabilities Act, which requires actions such as physical facility

improvements and provision of specialized transportation services.

**Modified Accrual Basis of Accounting:** Under the modified accrual basis, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means the amount of the transaction that can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Those revenues susceptible to accrual include property taxes remitted within 60 days after year-end, interest on investments, and certain intergovernmental and other revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due, or when amounts have been accumulated in the debt service fund for payments to be made early in the following year. All governmental fund types, expendable trust funds and agency funds use the modified accrual basis of accounting.

**Objective:** Quantified, outcome-based statements of what will be accomplished during the budget year. These annual performance goals are specific, measurable, time-bound, and realistic, yet challenging. Objectives cover day-to-day activities as well as one-time initiatives.

**Operating Budget:** A plan of financial operations embodying an estimate of planned expenditures for a given period (typically a fiscal year) and the proposed means for financing them (revenue estimates). The annual operating budget, as distinguished from the capital program budget, is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The City of Santa Barbara generally adopts a two-year financial plan that includes the adoption of actual budget appropriations for the first year of the financial plan, and recommendations for year two.

**Operating Deficit:** The deficiency of operating revenues under expenditures during a single accounting period.

**Operating Surplus:** The excess of operating revenues over operating expenditures during a single accounting period.

**Ordinance:** A formal legislative enactment by the City Council. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the city.

**Outstanding Bonds:** Bonds not yet retired through principal and interest payments.

**Performance Measure:** Quantifiable indicators that measure program workload or progress in achieving program objectives.

**Program:** A group of activities, operations or organizational units organized to accomplish specific purposes, goals or objectives. It is a distinct functional unit within a department, consisting of a significant service provided using City resources.

**Program Budgeting:** A method of budgeting that focuses on services provided to customers at the functional (or program) level.

**Proposed Budget:** This refers to the status of an annual budget, which has been submitted by the City Administrator and is pending public review and City Council adoption.

**Proprietary Fund:** A major fund type used to account for operations that are financed and operated in a manner similar to private sector enterprises, in that goods and services are provided to the general public (external users) or other City departments (internal users), and the costs of which are financed or recovered primarily through fees and service charges charged directly to the users of the goods and services. Proprietary funds use the accrual basis of accounting.

**Reserves:** Accumulated funds legally restricted or otherwise designated by management and/or City Council for specific purposes. See also *Fund Balance*.

**Revenue Bond:** A bond sold to construct a project that will produce revenues pledged for the repayment of principal and related interest.

**Revenues:** Total amount of income received, earned, or otherwise available for appropriation.

**Self-Insurance:** A term often used to describe the retention by an entity of a risk of loss arising out of the ownership of property or the activity of the agency.

**Service Charge:** See *User Fee*.

**Special Revenue Fund:** A governmental fund type used to account for the proceeds from specific revenue sources, other than trusts or major capital projects, that are legally restricted to expenditures for specific purposes. See also *Governmental Fund*.

**Transient Occupancy Tax (TOT):** Tax collected by hotel operators and imposed on hotel guests for transient lodging (30 days or less) within the City. The current TOT rate is 12%, 2% of which is legally restricted for creeks restoration and creeks and ocean water quality improvement pursuant to voter-approved Measure B, effective January 1, 2001.

**User Fee:** The voluntary payment of a fee for direct receipt of a public service by the party directly benefiting from service.
